

## Preface

---

This preface describes the audience, organization, and conventions of the *Cisco Wide Area Application Services Monitoring Guide*. It also provides information about how to obtain related information.

## Audience

This publication is for experienced system and network administrators who have specific knowledge in the following areas:

- Networking and data communications
- Network security
- Router and switch configuration

# Organization

This publication is organized as follows:

Chapter	Description
<a href="#">Chapter 1, “Monitoring WAAS Using WAAS Central Manager”</a>	Describes how to use WAAS Central Manager to monitor your WAAS devices.
<a href="#">Chapter 2, “Monitoring Traffic Interception”</a>	Describes different methods to monitor traffic interception.
<a href="#">Chapter 3, “Monitoring WAAS Using SNMP”</a>	Describes how to use SNMP to monitor your WAAS devices.
<a href="#">Chapter 4, “Monitoring WAAS Using XML API”</a>	Describes how to use WAAS XML API to monitor your WAAS devices.
<a href="#">Chapter 5, “Monitoring WAAS Using Cisco Network Analysis Module”</a>	Describes how to use Cisco Network Analysis to monitor your WAAS devices.

## Related Documentation

- *Cisco Wide Area Application Engine 7341, 7371, and 674 Hardware Installation Guide*
- *Installing the Cisco WAE Inline Network Adapter*
- *Using Cisco NAM 4.1 Reporting with Cisco WAAS*
- *Cisco Wide Area Application Services vWAAS Installation and Configuration Guide*

## Conventions

This document uses the following conventions:

Item	Convention
Commands and keywords	<b>boldface</b> font
Variables for which you supply values	<i>italic</i> font
Displayed session and system information	screen font
Information you enter	<b>boldface screen</b> font
Variables you enter	<i>italic screen</i> font
Menu items and button names	<b>boldface</b> font
Selecting a menu item in paragraphs	<b>Option &gt; Network Preferences</b>
Selecting a menu item in tables	Option > Network Preferences

### Note

Means *reader take note*. Notes contain helpful suggestions or references to material not covered in the publication.

### Caution

Means *reader be careful*. In this situation, you might do something that could result in equipment damage or loss of data.

## Obtaining Documentation and Submitting a Service Request

For information about obtaining documentation, submitting a service request, and gathering additional information, see the monthly *What's New in Cisco Product Documentation*, which also lists all new and revised Cisco technical documentation, at:

<http://www.cisco.com/en/US/docs/general/whatsnew/whatsnew.html>

Subscribe to the *What's New in Cisco Product Documentation* as a Really Simple Syndication (RSS) feed and set content to be delivered directly to your desktop using a reader application. The RSS feeds are a free service and Cisco currently supports RSS version 2.0.
