## Update a Subscription

To increase the number of permitted prefixes (for Crosswork External Route Analysis), or cancel a Crosswork Cloud subscription, do the following:

---

**Note** To change a subscription that was purchased in AWS Marketplace to a different tier, you must first cancel the old subscription, and purchase the new one.

---

---

**Step 1** In the main window, click  in the bottom-left corner.

**Step 2** If your subscription was purchased through AWS:

- Click the **AWS Purchase** tab.
- Click **Adjust** for the product you are modifying a subscription for. You are taken to the AWS Marketplace website.
- Click **View purchase options** and make the necessary changes.
- Click **Modify current contract**. After you have successfully modified a Crosswork Cloud subscription, you will receive a confirmation email.

**Step 3** If your subscription was purchased through a Cisco Partner or Reseller, click **Contact Sales Team** in the top-right corner to get in contact with a Crosswork Cloud representative who can help you modify your subscription.

---
