

# New and Changed Information

This chapter contains the following sections:

- [New and Changed Information, on page 1](#)

## New and Changed Information

The following table provides an overview of the significant changes to this guide for the Cisco Application Policy Infrastructure Controller APIC 5.1(x) family of releases. The tables do not provide an exhaustive list of all changes to the guide or of the new features.

*Table 1: New Features and Changed Behavior in the Cisco ACI Virtualization Guide, Cisco APIC Release 5.1(x)*

Cisco APIC Release Version	Feature	Description	Where Documented
5.1(1)	Support for VMware NSX-T Data Center integration	You can integrate VMware NSX-T Data Center with Cisco Application Centric Infrastructure (ACI). Integration enables you to use Cisco Application Policy Infrastructure Controller (APIC) to create and work with VMware NSX-T Data Center network constructs.	<ul style="list-style-type: none"><li>• <a href="#">Cisco ACI with VMware NSX-T Data Center</a> in this guide.</li><li>• <a href="#">Cisco ACI and VMware NSX-T Data Center Integration</a> on Cisco.com.</li></ul>
