

What's New in Cisco Product Documentation

June 2016

RSS

What's New in Cisco Product Documentation lists new and revised Cisco documentation since the last release of this monthly publication. To subscribe to the *What's New in Cisco Product Documentation* RSS feed, paste this URL into your RSS reader:

http://www.cisco.com/cdc_content_elements/rss/whats_new/whatsnew_rss_feed.xml

Previous releases of the *What's New in Cisco Product Documentation* are available at the following URL:

<http://www.cisco.com/c/en/us/td/docs/general/whatsnew/archive/archive.html>

Cisco Product Documentation Resources

Cisco Bug Search Tool

Bug Search Tool (BST), the online successor to Bug Toolkit, is designed to improve our customers' effectiveness in network risk management and device troubleshooting.

BST allows partners and customers to search for software bugs based on product, release, and keyword, and it aggregates key data such as bug details, product, and version.

Visit [Bug Search Tools & Resources](#) on Cisco.com. For details on the tool overview and functionalities, visit the help page at <http://www.cisco.com/web/applicat/cbsshelp/help.html>.

Cisco DocWiki

You can collaborate on Cisco documentation using Cisco DocWiki:

<http://docwiki.cisco.com>

Follow Cisco DocWiki on Facebook and Twitter:

- <http://www.facebook.com/#!/pages/Cisco-DocWiki/134288604079>
- http://twitter.com/cisco_docwiki

Cisco Icon Library

Cisco icons are globally recognized and generally accepted as standard for network icon topologies. Cisco icons are available for download:

<http://www.cisco.com/web/about/ac50/ac47/2.html>

Cisco International Websites

To find international Cisco websites, go to <http://www.cisco.com> and click **Worldwide** at the top of the page.

Cisco Internetworking Terms and Acronyms (ITA)

This resource defines internetworking terms and acronyms specific to Cisco products, technologies, or services. Some terms may also have descriptions unique to Cisco. The Cisco ITA does not duplicate industry-standard terms for which definitions can be found in other sources. To review this resource:

[http://docwiki.cisco.com/wiki/Category:Internetworking_Terms_and_Acronyms_\(ITA\)](http://docwiki.cisco.com/wiki/Category:Internetworking_Terms_and_Acronyms_(ITA))

Technical Documentation Ideas Forum

This forum allows you to communicate with other customers and Cisco technical writers. You can share your ideas about Cisco documentation on the Technical Documentation Ideas forum:

<http://www.cisco.com/go/techdocideas>

Analytics and Automation Software

Cloud and Systems Management

- [Cisco Evolved Programmable Network Manager 2.0 Documentation Overview](#)

Lists the guides that provide information about Cisco EPN Manager 2.0 and provides links to each guide on Cisco.com.

- [Cisco Evolved Programmable Network Manager 2.0 Installation Guide](#)

Provides system requirements and describes how to install Cisco EPN Manager 2.0 for standard and high-availability deployments.

- [Cisco Evolved Programmable Network Manager 2.0 MTOSI API Guide for OSS Integration](#)

Describes the MTOSI (Multi-Technology Operations Systems Interface) northbound APIs which can be used to integrate with an OSS system.

- [Cisco Evolved Programmable Network Manager 2.0 Open Source Document](#)

Lists all licenses and notices for open source software used in Cisco EPN Manager 2.0.

- [Cisco Evolved Programmable Network Manager 2.0 Release Notes](#)

Describes new features and device support added in Cisco EPN Manager 2.0. Lists open high severity/priority bugs and describes how to use the Bug Search tool to access information about open bugs.

- [Cisco Evolved Programmable Network Manager 2.0 RESTConf NBI Guide](#)

Describes the Cisco EPN Manager 2.0 RESTConf/Yang-based northbound APIs which can be used to integrate with an OSS system.

- [Cisco Evolved Programmable Network Manager 2.0 User and Administrator Guide](#)

Describes how to set up and get started with Cisco EPN Manager, and use it to manage and monitor your network.

- [Cisco Evolved Programmable Network Manager Supported Alarms](#)

Lists the Cisco EPN Manager supported alarms along with the respective alarm categories, severities, recommended actions, and other alarm information.

- [Cisco Evolved Programmable Network Manager Supported Devices](#)

Lists the Cisco EPN Manager supported devices along with the respective device operating systems and supported features.

- [Cisco Evolved Programmable Network Manager Supported Syslogs](#)

Lists the Cisco EPN Manager supported syslog messages along with the respective descriptions, severities, and other syslog information.

- [Cisco Evolved Programmable Network Manager Supported TL1 Messages](#)

Lists the Cisco EPN Manager supported TL1 messages (for Cisco NCS 2000 devices) along with the respective descriptions, severities, and other message information.

- [Cisco Evolved Programmable Network Manager Supported Traps](#)

Lists the Cisco EPN Manager supported SNMP traps along with their respective descriptions, severities, and other trap information.

- [Cisco Nexus Fabric Manager Configuration Guide, Release 1.1\(1\)](#)

Describes the features and configuration procedures for the Cisco Nexus Fabric Manager.

- [Cisco Nexus Fabric Manager Installation Guide for the Virtual Appliance](#)

Describes the procedures for installing the OVA in the VMware hypervisor.

- [Cisco Nexus Fabric Manager Quick Start Guide, Release 1.1\(1\)](#)

Describes the configuration steps necessary for getting the Cisco Nexus Fabric Manager up and running.

- [Cisco Nexus Fabric Manager Release Notes for Administrators, Release 1.1\(1\)](#)

Describes the features, bugs, and limitations for Cisco Nexus Fabric Manager.

- [Cisco Nexus Fabric Manager Web UI Password Recovery](#)

Describes the procedure for recovering the Cisco Nexus Fabric Manager Web UI password.

Collaboration Endpoints

- [Administration Guide for Cisco TelePresence Software Release IX 8](#)

Describes how to configure and administer software for the Cisco TelePresence IX5000 Series immersive systems.

- [Cisco TelePresence CE Software Release Notes \(CE8\)](#)

Describes the features and capabilities included in the Cisco TelePresence MX and SX series software version CE8.

- [Cisco TelePresence CE8.00, CE8.0.1 and CE8.1.0 Software Deferral Notice](#)
Software deferral notice for Cisco TelePresence software versions CE8.0.0., CE8.0.1 and CE8.1.0.
- [Cisco TelePresence IX5000 and IX5200 First-Time Setup](#)
Describes the tasks you perform to set up the Cisco TelePresence IX5000 system for the first time.
- [Cisco TelePresence IX5000 and IX5200 Room Recommendations](#)
Provides the recommended room conditions to deploy the immersive Cisco IX5000 TelePresence system.
- [Cisco TelePresence MX700 Spare Parts Replacement Guide](#)
This document describes how to replace spare parts for Cisco TelePresence MX700.
- [Cisco TelePresence MX800 Dual Spare Parts Replacement Guide](#)
This document describes how to replace spare parts for Cisco TelePresence MX800 Dual.
- [Cisco TelePresence MX800 Single Spare Parts Replacement Guide](#)
This document describes how to replace spare parts for Cisco TelePresence MX800 Single.
- [Cisco TelePresence PrecisionHD 1080p2.5x Camera CAD Drawings](#)
CAD drawings of Cisco TelePresence PrecisionHD 1080p2.5x Camera.
- [Cisco TelePresence PrecisionHD 1080p2.5x Camera CAD Drawings in DXF—download and unzip](#)
CAD drawings of Cisco TelePresence PrecisionHD 1080p2.5x Camera.
- [Cisco TelePresence SpeakerTrack 60 Installation Guide](#)
This document describes how to install the Cisco TelePresence SpeakerTrack 60. Also download: 78-100272-01A0 SpeakerTrack 60 Wall Bracket Template.
- [Cisco TelePresence TC Software Release Notes \(TC7\)](#)
This release note describes the features and capabilities included in the Cisco TelePresence System Codec C Series, EX Series, SX Series, Profile Series and MX Series software version TC7.
- [Cisco TelePresence TC7.2.0, TC7.2.1, TC7.3.2, TC7.3.3, TC7.3.4 and TC7.3.5 Software Deferral Notice](#)
Software deferral notice for Cisco TelePresence software versions TC7.2.0, TC7.2.1, TC7.3.2, TC7.3.3, TC7.3.4 and TC7.3.5.
- [Cisco TMS Provisioning Configuration Template in XML for MX and SX series \(CE8.0.0\)—download and unzip](#)
Cisco TMS Provisioning Configuration Template in XML for Cisco TelePresence MX Series (MX200 G2, MX300 G2, MX700, MX800) and SX Series (SX80, SX20, SX10) for software release CE8.0.0—download and unzip.
- [Cisco TMS Provisioning Configuration Template in XML for MX and SX series \(CE8.0.1\)—download and unzip](#)
Contains the Cisco TMS Provisioning Configuration Template in XML for Cisco TelePresence MX Series (MX200 G2, MX300 G2, MX700, MX800) and SX Series (SX80, SX20, SX10) for software release CE8.0.1—download and unzip.
- [Cisco TMS Provisioning Configuration Template in XML for MX and SX series \(CE8.1.0\)—download and unzip](#)
Contains the Cisco TMS Provisioning Configuration Template in XML for Cisco TelePresence MX Series (MX200 G2, MX300 G2, MX700, MX800) and SX Series (SX80, SX20, SX10) for software release CE8.1.0—download and unzip.

- [Release Notes for Cisco TelePresence System Software Release 1.10](#)

Describes new features and open and closed hardware and software caveats for the Cisco TelePresence System software 1.10 releases.

- [Release Notes for Cisco TelePresence System Software Release IX 8](#)

Describes new features and open and closed hardware and software caveats for the Cisco TelePresence System software release IX 8.

- [Release Notes for Cisco TelePresence System Software Release TX 6.x](#)

Describes new features and open and closed hardware and software caveats for the Cisco TelePresence System software release TX 6.x.

Conferencing

- [Cisco Collaboration Meeting Rooms \(CMR\) Premises Deployment Guide Release 7.0—Primary \(for Unified CM\)](#)

Helps you to implement the recommended primary deployment for Cisco CMR Premises across your video network. Summarizes the required processes, and refers to the associated product guides for step-by-step details.

- [Cisco Collaboration Meeting Rooms \(CMR\) Premises Deployment Guide Release 7.0—Secondary \(for VCS\)](#)

Helps you to implement the secondary deployment for CMR Premises across your Cisco VCS video network. Summarizes the required processes, and refers to the associated product guides for step-by-step details.

- [Cisco Collaboration Meeting Rooms \(CMR\) Premises Release Notes 7.0](#)

Details new features, issues, changed behavior, and limitations in Cisco CMR Premises Release 7.0.

- [Cisco Collaboration Meeting Rooms \(CMR\) Premises Solution Guide Release 7.0](#)

Describes the recommended architecture to support Cisco CMR Premises across your video network, and the underlying concepts of the architecture.

- [Cisco TelePresence Conductor Administrator Guide \(XC4.2\)](#)

Describes the configuration and maintenance of Cisco TelePresence Conductor version XC4.2.

- [Cisco TelePresence Conductor Virtual Machine Installation Guide \(XC4.2\)](#)

Describes the installation and initial configuration procedure for Cisco TelePresence Conductor XC4.2 on Virtual Machine.

- [Cisco TelePresence Management Suite Administrator Guide \(15.2.1\)](#)

Describes the configuration, maintenance, and troubleshooting of Cisco TMS 15.2.1.

- [Cisco TelePresence Management Suite Extension for Microsoft Exchange Deployment Guide \(5.2\)](#)

Describes prerequisites, best practices, and procedures for upgrading to, installing, deploying, and maintaining Cisco TMSXE 5.2. Includes guidance and instructions for redundant deployments.

- [Cisco TelePresence Management Suite Extension for Microsoft Exchange Release Notes \(5.2\)](#)

Details new features, resolved issues, open issues, and limitations in Cisco TMSXE 5.2.

- [Cisco TelePresence Management Suite Installation and Upgrade Guide \(15.2.1\)](#)

Describes the requirements for installation and the installation and upgrade procedures for Cisco TelePresence Management Suite 15.2.1. Includes instructions and guidance for redundant deployments.

- [Cisco TelePresence Management Suite Provisioning Extension Release Notes \(1.7\)](#)
Details changes in Cisco TMSPE 1.7.
- [Cisco TelePresence Management Suite Provisioning Extension with Cisco Unified CM Deployment Guide \(1.6\)](#)
Describes the installation, upgrade, and initial configuration procedures for Cisco TMSPE 1.6 with Cisco Unified CM.
- [Cisco TelePresence Management Suite Provisioning Extension with Cisco VCS Deployment Guide \(1.7\)](#)
Describes the installation, upgrade, and initial configuration procedure for Cisco TMSPE 1.7 with Cisco VCS.
- [Cisco TelePresence Management Suite Software Release Notes \(15.0\)](#)
Details new features, resolved issues, open issues, and limitations in Cisco TMS 15.0.
- [Cisco TelePresence Management Suite Software Release Notes \(15.2.1\)](#)
Details new features, resolved issues, open issues, and limitations in Cisco TMS 15.2.1.
- [Cisco TelePresence Server 4.3 Open Source Documentation](#)
Contains license information for open source components used in Cisco TelePresence Server on Virtual Machine 4.3.
- [Cisco TelePresence Server 4.3 Printable Online Help for 8710 or 7010 \(Remotely Managed mode\)](#)
Contains the Online Help in PDF printable format for Cisco TelePresence Server 8710 or 7010 (Remotely Managed mode) software version 4.3.
- [Cisco TelePresence Server 4.3 Printable Online Help for Cisco TelePresence Server on Virtual Machine](#)
Contains the Online Help in PDF printable format for Cisco TelePresence Server on Virtual Machine software version 4.3.
- [Cisco TelePresence Server 4.3 Printable Online Help for Multiparty Media 310 or 320](#)
Contains the Online Help in PDF printable format for Multiparty Media 310 or 320 software version 4.3.
- [Cisco TelePresence Server 4.3 Printable Online Help for Multiparty Media 820](#)
Contains the Online Help in PDF printable format for Multiparty Media 820 software version 4.3.
- [Cisco TelePresence Server API 4.3 Reference Guide](#)
Lists the commands and parameters for interacting with the TelePresence Server using its XML-RPC API. Applies to all models of TelePresence Server running API version 4.3.
- [Cisco Telepresence Server on Virtual Machine 4.3 Installation Guide](#)
Describes the installation procedure for Cisco TelePresence Server on Virtual Machine 4.3.
- [Cisco TelePresence Server Software Release Notes 4.3\(1.13\)](#)
Describes the features of the TelePresence Server 4.3 release, provides links to open and resolved issues, and describes the upgrade procedure. Applies to 7010, MSE 8710, Media 310/320, and TS on Virtual Machine.
- [How Does Conductor Determine the Multiparty License Type Used to Start the Conference?](#)
Provides step-by-step instructions for how to determine which Multiparty License type is used to start a conference.

- [Migrating to TelePresence Server on Virtual Machine 4.3](#)

Describes how to use the Cisco TelePresence Server on Virtual Machine Upgrade Redeployment Tool. To use 4.3, the Cisco TelePresence Server on Virtual Machine needs to be redeployed using the .ova file. Using this Upgrade Redeployment Tool as described ensures serial numbers are preserved, and thus all the keys (activation, encryption, screen licenses) are carried across to the new deployment.

Connected Safety and Security

None at this time.

Customer Collaboration

None at this time.

Hyperconverged Infrastructure

None at this time.

IOS and NX-OS Software

- [Cisco IOS XRv 9000 Router Installation and Configuration Guide](#)

Describes how to install and configure the Cisco IOS XRv 9000 Router.

- [Release Notes for Cisco IOS XRv 9000 Router, Release 6.0.1](#)

Provides information about new features, hardware, software support, and caveats for the Cisco IOS XRv 9000 router.

Optical Networking

- [Cisco Network Convergence System 1000 Series Workflow](#)

Provides a workflow on how to install, configure, upgrade, and troubleshoot Cisco NCS 1000.

Routers

- [Cisco ASR 9000 Series Aggregation Services Router Advanced System Command Reference, Release 6.0.x](#)

Describes the Advanced System commands used in the Cisco ASR 9000 Series Aggregation Services Router.

- [Cisco ASR 9000 Series Aggregation Services Router Broadband Network Gateway Command Reference, Release 6.0.x](#)

Describes the Broadband Network Gateway commands used in the Cisco ASR 9000 Series Aggregation Services Router.

- [Cisco ASR 9000 Series Aggregation Services Router Broadband Network Gateway Configuration Guide, Release 6.0.x](#)

Describes how to enable and configure border network gateway on the Cisco ASR 9000 Series Aggregation Services Router.

- [Cisco ASR 9000 Series Aggregation Services Router CGv6 Command Reference, Release 6.0.x](#)
Describes the CGv6 commands used in the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router CGv6 Configuration Guide, Release 6.0.x](#)
Describes how to enable and configure CGv6 on the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router Ethernet Line Card Installation Guide](#)
Provides instructions for installing the hardware and connecting external network interface cables.
- [Cisco ASR 9000 Series Aggregation Services Router Hardware Installation Guide](#)
Describes how to install a Cisco ASR 9000 Series Aggregation Services Router and its components.
- [Cisco ASR 9000 Series Aggregation Services Router Interface and Hardware Component Command Reference, Release 6.0.x](#)
Describes the Interface and Hardware Component commands used in the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router Interface and Hardware Component Configuration Guide, Release 6.0.x](#)
Describes how to enable and configure interface and hardware components on the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router IP Addresses and Services Command Reference](#)
Describes the IP Addresses and Services commands used in the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router IP Addresses and Services Configuration Guide, Release 6.0.x](#)
Describes how to enable and configure IP Addresses on the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router L2VPN and Ethernet Services Configuration Guide, Release 6.0.x](#)
Describes how to enable and configure L2VPN and Ethernet Service on the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router Modular Quality of Service Command Reference](#)
Describes Modular Quality of Service commands used in the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router Modular Quality of Service Configuration Guide, Release 6.0.x](#)
Describes how to enable and configure Modular Quality of Service on the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router MPLS Command Reference Guide, Release 6.0.x](#)
Describes the MPLS commands used in the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router MPLS Configuration Guide, Release 6.0.x](#)
Describes how to configure MPLS on the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router MPLS Layer 3 VPN Configuration Guide, Release 6.0.x](#)
Describes how to enable and configure MPLS Layer 3 VPN on the Cisco ASR 9000 Series Aggregation Services Router.

- [Cisco ASR 9000 Series Aggregation Services Router Multicast Command Reference Guide, Release 6.0.x](#)
Describes the Multicast commands used in the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router Multicast Configuration Guide, Release 6.0.x](#)
Describes how to configure Multicast on the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router Netflow Command Reference Guide, Release 6.0.x](#)
Describes the Netflow commands used in the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router Netflow Configuration Guide, Release 6.0.x](#)
Describes how to configure Netflow on the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router nV System Command Reference](#)
Describes the nV System commands used in the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router nV System Configuration Guide, Release 6.0.x](#)
Describes how to enable and configure nV System on the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router Overview and Reference Guide](#)
Provides an overview of the basic hardware configuration and features of the Cisco ASR 9000 Series Aggregation Services Routers.
- [Cisco ASR 9000 Series Aggregation Services Router ROM Monitor Configuration Guide, Release 6.0.x](#)
Describes how to enable and configure ROM Monitor on the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router Routing Command Reference, Release 6.0.x](#)
Describes the Routing commands used in the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router Routing Configuration Guide, Release 6.0.x](#)
Describes how to enable and configure Routing on the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router Segment Routing Command Reference Guide](#)
Describes the Segment Routing commands used in the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router Segment Routing Configuration Guide](#)
Describes how to configure Segment Routing on the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router System Management Command Reference, Release 6.0.x](#)
Describes the System Management commands used in the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router System Management Configuration Guide, Release 6.0.x](#)
Describes how to enable and configure System Management on the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router System Monitoring Command Reference Guide](#)
Describes the System Monitoring commands used in the Cisco ASR 9000 Series Aggregation Services Router.

- [Cisco ASR 9000 Series Aggregation Services Router System Monitoring Configuration Guide, Release 6.0.x](#)
Describes how to configure System Monitoring on the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router System Security Command Reference, Release 6.0.x](#)
Describes the System Security commands used in the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router System Security Configuration Guide, Release 6.0.x](#)
Describes how to enable and configure System Security on the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router VPN and Ethernet Services Command Reference, Release 6.0.x](#)
Describes the VPN and Ethernet Services commands used in the Cisco ASR 9000 Series Aggregation Services Router.
- [Release Notes for Cisco ASR 9000 Series Aggregation Services Routers for Cisco IOS XR Software Release 6.0.1](#)
Provides information about new features, hardware, software support, and caveats for the Cisco ASR 9000 Series Routers.

Security

None at this time.

Servers—Unified Computing

None at this time.

Service Exchange

None at this time.

Storage Networking

None at this time.

Switches

- [Cisco Nexus 9000 Series and Cisco Nexus 3000 Series FPGA/EPLD Upgrade Release Notes, Release 7.0\(3\)I2\(2b\)](#)
Lists the updated EPLD images and describes how to install them on Cisco Nexus 9000 Series and Nexus 3000 Series switches for Release 7.0(3)I2(2b).
- [Cisco Nexus 9000 Series and Cisco Nexus 3000 Series FPGA/EPLD Upgrade Release Notes, Release 7.0\(3\)I3\(1\)](#)
Lists the updated EPLD images and describes how to install them on Cisco Nexus 9000 Series and Nexus 3000 Series switches for Release 7.0(3)I3(1).

Unified Communications

- [Cisco Expressway Administrator Guide \(X8.7.2\)](#)
Describes the configuration and maintenance of Cisco Expressway X8.7.2.

- [Cisco Expressway Release Note \(X8.7.3\)](#)
Details new features, issues, changed behavior, and limitations in Cisco Expressway X8.7.3.
- [Cisco TelePresence Conductor Release Notes \(XC4.2\)](#)
Details new features, issues, and limitations in TelePresence Conductor version XC4.2.
- [Cisco TelePresence Video Communication Server Administrator Guide \(X8.7.2\)](#)
Describes the configuration and maintenance of Cisco VCS X8.7.2.
- [Cisco TelePresence Video Communication Server Release Note \(X8.7.3\)](#)
Details new features, issues, changed behavior, and limitations in Cisco VCS X8.7.3.
- [Cisco UCS B-Series Upgrade Guide for Intel E52600 v4 Series CPUs](#)
Describes the process for upgrading a Cisco UCS B-Series blade server to use Intel E5-2600 v4 Series CPUs.
- [Cisco UCS B200 M4 Blade Server Installation and Service Note](#)
Provides an overview of the Cisco UCS B200 M4 Blade Server and explains how to install and service it.
- [Mobile and Remote Access via Cisco Expressway Deployment Guide \(X8.7\)](#)
Provides step-by-step instructions for deploying a Cisco Expressway system to allow endpoints such as Cisco Jabber to have their registration, call control, provisioning, messaging and presence services provided by Cisco Unified Communications Manager when the endpoint is not within the enterprise network.
- [Mobile and Remote Access via Cisco VCS Deployment Guide \(X8.7\)](#)
Provides step-by-step instructions for deploying a Cisco VCS system to allow endpoints such as Cisco Jabber to have their registration, call control, provisioning, messaging and presence services provided by Cisco Unified Communications Manager when the endpoint is not within the enterprise network.

Universal Gateways and Access Servers

None at this time.

Video

- [Cisco cBR Chassis: Replacing an Air Filter](#)
Shows how to replace an air filter installed on a card in the Cisco cBR chassis. All mention of 'card' in this video refers to both the Supervisor card and the RF line card.
- [Cisco Prisma II System Release 2.05.47 Release Note](#)
Provides information about the new features, hardware, software support, and caveats for the Cisco Prisma II Transport System.
- [Release Notes for Cisco cBR Series Converged Broadband Routers for Cisco IOS-XE Release 3S](#)
Provides information about the new features, hardware, software support, and caveats for the Cisco cBR Series Converged Broadband Routers.
- [Release Notes for Cisco RF Gateway 10, Cisco IOS-XE Release 3.5SQ](#)

Describes the features and caveats for all releases in the Cisco IOS-XE Release 3.5SQ train for the Cisco RF Gateway 10 (RFGW-10) that supports the Cisco RFGW-10 DS-384 line card and the Cisco Supervisor Engine 7-E.

- [Upgrading the Cisco cBR](#)

Describes how to upgrade the Cisco cBR Series Converged Broadband Routers and the Programmable Hardware Devices in Cisco cBR.

Wireless

None at this time.

Creating Bookmarks to Cisco.com Pages

After you log in to Cisco.com, you can use the My Cisco tool to save links and documents. You can then go to the links from any Cisco.com page. The tool is available on most Cisco.com pages. See the *My Cisco User Guide* for help:

<http://www.cisco.com/web/help/mycisco.html>

Cisco Support and Downloads

The Cisco Support and Downloads website provides online resources to download documentation, software, and tools. Use these resources to install and configure the software and to troubleshoot and resolve technical issues with Cisco products and technologies. To receive security and technical information about your products, subscribe to the Product Alert Tool (accessed from Field Notices), the Cisco Technical Services Newsletter, and Really Simple Syndication (RSS) feeds.

Access to most tools on the Cisco Support and Downloads website requires a Cisco.com user ID and password.

For more information:

<http://www.cisco.com/cisco/web/support/index.html>

Submitting a Service Request

Open a service request online at:

<https://tools.cisco.com/ServiceRequestTool/scm/mgmt/case>

Display a list of Cisco worldwide contacts at:

http://www.cisco.com/en/US/support/tsd_cisco_worldwide_contacts.html

Obtaining Additional Information

Information about Cisco products, services, technologies, and networking solutions is available from various online sources.

- Sign up for Cisco email newsletters and other communications at:

<http://www.cisco.com/offer/subscribe>

- Visit the Cisco Services website for the latest technical, advanced, and remote services to increase the operational reliability of your network. Go to:

<http://www.cisco.com/go/services>

- Visit Cisco Marketplace, the company store, for Cisco collateral, logo merchandise, Cisco Press books, and software at:

<http://www.cisco.com/go/marketplace/>

- Obtain general networking, training, and certification titles from Cisco Press publishers at:

<http://www.ciscopress.com>

- *What's New in Cisco Product Documentation* (this document) is an online publication that provides information about the latest documentation releases for Cisco products. This online publication is updated monthly and organized by product category. Go to:

<http://www.cisco.com/c/en/us/td/docs/general/whatsnew/whatsnew.html>

- The Warranty Finder allows you to find warranty information that applies to a specific product or product series/family. To access Cisco Warranty Finder:

<http://www.cisco-warrantyfinder.com>

Cisco and the Cisco logo are trademarks or registered trademarks of Cisco and/or its affiliates in the U.S. and other countries. To view a list of Cisco trademarks, go to this URL: www.cisco.com/go/trademarks. Third-party trademarks mentioned are the property of their respective owners. The use of the word partner does not imply a partnership relationship between Cisco and any other company. (1110R)
