

What's New in Cisco Product Documentation

March 2016

RSS

What's New in Cisco Product Documentation lists new and revised Cisco documentation since the last release of this monthly publication. To subscribe to the *What's New in Cisco Product Documentation* RSS feed, paste this URL into your RSS reader:

http://www.cisco.com/cdc_content_elements/rss/whats_new/whatsnew_rss_feed.xml

Previous releases of the *What's New in Cisco Product Documentation* are available at the following URL:

<http://www.cisco.com/c/en/us/td/docs/general/whatsnew/archive/archive.html>

Cisco Product Documentation Resources

Cisco Bug Search Tool

Bug Search Tool (BST), the online successor to Bug Toolkit, is designed to improve our customers' effectiveness in network risk management and device troubleshooting.

BST allows partners and customers to search for software bugs based on product, release, and keyword, and it aggregates key data such as bug details, product, and version.

Visit [Bug Search Tools & Resources](#) on Cisco.com. For details on the tool overview and functionalities, visit the help page at <http://www.cisco.com/web/applicat/cbsshelp/help.html>.

Cisco DocWiki

You can collaborate on Cisco documentation using Cisco DocWiki:

<http://docwiki.cisco.com>

Follow Cisco DocWiki on Facebook and Twitter:

- <http://www.facebook.com/#!/pages/Cisco-DocWiki/134288604079>
- http://twitter.com/cisco_docwiki

Cisco Icon Library

Cisco icons are globally recognized and generally accepted as standard for network icon topologies. Cisco icons are available for download:

<http://www.cisco.com/web/about/ac50/ac47/2.html>

Cisco International Websites

To find international Cisco websites, go to <http://www.cisco.com> and click **Worldwide** at the top of the page.

Cisco Internetworking Terms and Acronyms (ITA)

This resource defines internetworking terms and acronyms specific to Cisco products, technologies, or services. Some terms may also have descriptions unique to Cisco. The Cisco ITA does not duplicate industry-standard terms for which definitions can be found in other sources. To review this resource:

[http://docwiki.cisco.com/wiki/Category:Internetworking_Terms_and_Acronyms_\(ITA\)](http://docwiki.cisco.com/wiki/Category:Internetworking_Terms_and_Acronyms_(ITA))

Technical Documentation Ideas Forum

This forum allows you to communicate with other customers and Cisco technical writers. You can share your ideas about Cisco documentation on the Technical Documentation Ideas forum:

<http://www.cisco.com/go/techdocideas>

Application Networking Services

- [Release Note for Cisco Wide Area Application Services \(Software Version 6.1.1x\)](#)

Describes the new features, resolved and open caveats, CM changes, and CLI command changes for Cisco WAAS Software Version 6.1.1x.

- [Release Note for Cisco Wide Area Application Services \(Software Version 5.3.5x\)](#)

Describes the new features, resolved and open caveats, CM changes, and CLI command changes for Cisco WAAS Software Version 5.3.5x.

- [Release Note for Cisco Wide Area Application Services \(Software Version 5.5.5x\)](#)

Describes the new features, resolved and open caveats, CM changes, and CLI command changes for Cisco WAAS Software Version 5.5.5x.

Cisco Interfaces and Modules

None at this time.

Cloud and Systems Management

- [Cisco Application Centric Infrastructure Fabric Hardware Installation](#)

Describes how to connect the Cisco Application Centric Infrastructure Fabric hardware.

- [Cisco Evolved Programmable Network Manager 1.2 Maintenance Pack 3 \(V. 1.2.300\) Release Notes](#)

Provides Cisco EPN Manager 1.2 Maintenance Pack 3 installation instructions, describes the new features and device support provided in MP3, and lists high severity/priority bugs that are open and resolved in MP3.

- [Cisco Evolved Programmable Network Manager 1.2 Maintenance Pack 3 MTOSI API Guide for OSS Integration](#)

Describes the Cisco EPN Manager MTOSI (Multi-Technology Operations Systems Interface) northbound APIs supported by Cisco EPN Manager 1.2 with Maintenance Pack 3 (MP3).

- [Cisco Nexus 9336PQ ACI-Mode Switch Hardware Installation Guide](#)

Describes how to install the Cisco Nexus 9336 switch chassis and replace its modules.

- [Cisco Prime Collaboration Provisioning 11.1 Open Source](#)

Lists of licenses and notices for open source software used in Cisco Prime Collaboration Provisioning 11.1.
- [Cisco Prime Collaboration Provisioning Guide - Standard and Advanced, 11.x](#)

Provides information on provisioning tasks, such as how to create reusable templates, deploy call and messaging applications, activate subscriber services, define business-level services, and track and report subscriber assets.
- [Cisco Prime Collaboration Provisioning Install and Upgrade Guide, 11.x](#)

Describes the procedure for a new installation and how to upgrade to Cisco Prime Collaboration 11.1 from Cisco Prime Collaboration 10.x.
- [Cisco Prime Collaboration Provisioning Release Notes 11.1](#)

Lists limitations and bugs.
- [Cisco Prime Home Installation Guide 6.4.1](#)

Describes how to install Prime Home.
- [Cisco Prime Home Operations and Maintenance Guide 6.4.1](#)

Details operation features and provisioning for Prime Home.
- [Cisco Prime Home Release Notes 6.4.1](#)

Details new features and bugs for Prime Home 6.4.1.
- [Cisco Prime Home User Guide 6.4.1](#)

Describes how to use the Prime Home portal.
- [Video: Cisco ACI—Deploying a 3-Tier Application Using a Multi-Machine Blueprint](#)

Provides step-by-step instructions in video format on how to deploy a 3-tier application using a multi-machine blueprint.
- [Video: Cisco ACI—Deploying a Single-Tier Application Using Build-Profiles](#)

Provides step-by-step instructions in video format on how to deploy a single-tier application using build-profiles.
- [Video: Cisco ACI—Installing APIC vRealize Orchestrator Plugin](#)

Provides step-by-step instructions in video format on how to install APIC plugin on the vRealize Orchestrator.

Collaboration Endpoints

- [Cisco TelePresence CE Software Release Notes \(CE8\)](#)

Describes the features and capabilities included in the Cisco TelePresence MX and SX series software version CE8.
- [Cisco TelePresence MX800 Dual Spare Parts Overview](#)

Contains Cisco TelePresence MX800 Dual spare parts for order and replacement purposes.
- [Cisco TelePresence TC Software Release Notes \(TC6\)](#)

Describes the features and capabilities included in the Cisco TelePresence System Codec C Series, EX Series, SX Series, Profile Series and MX Series software version TC6.

- [Cisco TelePresence TC Software Release Notes \(TC7\)](#)

Describes the features and capabilities included in the Cisco TelePresence System Codec C Series, EX Series, SX Series, Profile Series and MX Series software version TC7.
- [Cisco TMS Provisioning Configuration Template in XML for MX and SX series \(CE8.0.1\)—download and unzip](#)

Contains the Cisco TMS Provisioning Configuration Templates in XML for Cisco TelePresence MX Series (MX200 G2, MX300G2, MX700, MX800) and SX Series (SX80, SX20, SX10) for software release CE8.0.1—download and unzip.
- [Cisco TMS Provisioning Configuration Template in XML for TelePresence Endpoints \(TC7.3.5\)—download and unzip](#)

Contains the Cisco TMS Provisioning Configuration Templates in XML for EX Series (EX60, EX90), MX Series (MX200, MX300, MX200 G2, MX300G2, MX700, MX800), SX Series (SX80, SX20, SX10), C Series (C20, C40, C60, C90) and for Profiles using C Series codecs (TC7.3.5)—download and unzip.

Conferencing

- [Cisco Collaboration Meeting Rooms \(CMR\) Hybrid Configuration Guide \(TMS 15.0—WebEx Meeting Center WBS30\)](#)

Provides step-by-step instructions for configuring Cisco Collaboration Meeting Rooms (CMR) Hybrid with Cisco TelePresence Management Suite (TMS) 15.0, Conductor XC4.0 and WebEx Meeting Center WBS30.
- [Cisco Collaboration Meeting Rooms \(CMR\) Premises Deployment Guide Release 5.0—Primary \(for Unified CM\)](#)

Helps you to implement the recommended primary deployment for Cisco Collaboration Meeting Rooms (CMR) Premises across your video network. Summarizes the required processes, and refers to the associated product guides for step-by-step details.
- [Cisco Collaboration Meeting Rooms \(CMR\) Premises Deployment Guide Release 5.0—Secondary \(for VCS\)](#)

Helps you to implement the secondary deployment for Cisco Collaboration Meeting Rooms (CMR) Premises across your Cisco VCS video network. Summarizes the required processes, and refers to the associated product guides for step-by-step details.
- [Cisco Collaboration Meeting Rooms \(CMR\) Premises Deployment Guide Release 6.0—Primary \(for Unified CM\)](#)

Helps you to implement the recommended primary deployment for Cisco CMR Premises across your video network. Summarizes the required processes, and refers to the associated product guides for step-by-step details.
- [Cisco Collaboration Meeting Rooms \(CMR\) Premises Deployment Guide Release 6.0—Secondary \(for VCS\)](#)

Helps you to implement the secondary deployment for CMR Premises across your Cisco VCS video network. Summarizes the required processes, and refers to the associated product guides for step-by-step details.
- [Cisco Collaboration Meeting Rooms \(CMR\) Premises Release Notes 6.0](#)

Details new features, issues, changed behavior, and limitations in Cisco CMR Premises Release 6.0.
- [Cisco Collaboration Meeting Rooms \(CMR\) Premises Solution Guide Release 6.0](#)

Describes the recommended architecture to support Cisco CMR Premises across your video network, and the underlying concepts of the architecture.
- [Cisco TelePresence Conductor API Guide \(XC4.1\)](#)

Describes the Cisco TelePresence Conductor's Application Programming Interface.
- [Cisco TelePresence Conductor with Cisco Unified CM Deployment Guide \(XC4.0\)](#)

Provides step-by-step instructions for deploying a Cisco TelePresence Conductor (XC4.0) with a Cisco Unified CM.

- [Cisco TelePresence Conductor with Cisco Unified CM Deployment Guide \(XC4.1\)](#)
Provides step-by-step instructions for deploying a Cisco TelePresence Conductor (XC4.1) with a Cisco Unified CM.
- [Cisco TelePresence Management Suite Administrator Guide \(15.1\)](#)
Provides step-by-step instructions for configuring Cisco TelePresence Management Suite Administrator Guide (15.1).
- [Cisco TelePresence Management Suite Extension Booking API Programming Reference Guide \(15.1\)](#)
Provides instruction to the API developers.
- [Cisco TelePresence Management Suite Extension for Microsoft Exchange Deployment Guide \(5.1\)](#)
Provides step-by-step instructions for deploying a Cisco TelePresence Management Suite for Microsoft Exchange.
- [Cisco TelePresence Management Suite Extension for Microsoft Exchange Open Source Documentation \(5.1\)](#)
This document contains licenses and notices for open source software used in this product.
- [Cisco TelePresence Management Suite Extension for Microsoft Exchange Release Notes \(5.1\)](#)
Describes the features of this release, lists the resolved and open issues, and details the upgrade process.
- [Cisco TelePresence Management Suite Installation and Upgrade Guide \(15.1\)](#)
Describes the requirements for installation and the installation and upgrade procedures for Cisco TelePresence Management Suite 15.0. Includes instructions and guidance for redundant deployments.
- [Cisco TelePresence Management Suite Open Source Documentation \(15.1\)](#)
This document contains licenses and notices for open source software used in this product.
- [Cisco TelePresence Management Suite Provisioning Extension Open Source Documentation \(1.6\)](#)
This document contains licenses and notices for open source software used in this product.
- [Cisco TelePresence Management Suite Provisioning Extension Release Notes \(1.6\)](#)
Describes the features of this release, lists the resolved and open issues, and details the upgrade process.
- [Cisco TelePresence Management Suite Provisioning Extension with Cisco VCS Deployment Guide \(1.6\)](#)
Provides step-by-step instructions for deploying a Cisco TelePresence Management Suite Provisioning Extension.
- [Cisco TelePresence Management Suite Software Release Notes \(15.1\)](#)
Details new features, resolved issues, open issues, and limitations in Cisco TMS 15.0.1.
- [Replacing MCU Software with TelePresence Server Software on Cisco TelePresence MCU 5300 Series](#)
Describes the procedure for replacing the MCU software with TelePresence Server software on the MCU 5300 Series hardware and the introduction of multiparty licensing mode.
- [Replacing MCU Software with TelePresence Server Software on Cisco TelePresence MCU MSE 8510](#)
Describes the procedure for replacing the MCU software with TelePresence Server software on the MCU MSE 8510 hardware and the introduction of multiparty licensing mode.

Connected Safety and Security

None at this time.

Customer Collaboration

None at this time.

IOS and NX-OS Software

None at this time.

Optical Networking

- [DWDM Command Reference for Cisco NCS 1000 Series](#)
Describes the commands used in the Cisco NCS 1000 Series muxponders.
- [DWDM Configuration Guide for Cisco NCS 1000 Series, IOS XR Release 6.0.x](#)
Describes how to configure Cisco NCS 1000 Series muxponders.
- [DWDM Troubleshooting Guide for Cisco NCS 1000 Series, IOS XR Release 6.0.x](#)
Describes how to troubleshoot Cisco NCS 1000 Series muxponders.
- [Hardware Installation Guide for Cisco NCS 1000 Series](#)
Describes how to install Cisco NCS 1000 Series muxponders.
- [Regulatory Compliance and Safety Information for Cisco NCS 1000 Series](#)
Provides Regulatory Compliance and Safety Information for the Cisco NCS 1000 Series muxponders.
- [Release Notes for Cisco NCS 1000 Series, IOS XR Release 6.0.0](#)
Provides information about new features, hardware, software support, and caveats for the Cisco NCS 1000 Series muxponders.
- [System Setup and Software Installation Guide for Cisco NCS 1000 Series](#)
Describes how to setup the system, create user profiles, assign privileges, and install feature packages in the Cisco NCS 1000 Series muxponders.

Routers

None at this time.

Security

- [AsyncOS 9.5.2 for Cisco Content Security Management Appliances User Guide](#)
Contains information for administrators about deploying, using, and troubleshooting Cisco Content Security Management Appliances. Updated for new 90-series hardware.
- [Cisco Content Web Security Appliance S190 Quickstart Guide](#)
Provides instructions for the installation and basic configuration of Cisco S190 Web Security Appliances.

- [Cisco Content Web Security Appliance S390 Quickstart Guide](#)
Provides instructions for the installation and basic configuration of Cisco S390 Web Security Appliances.
- [Cisco Content Web Security Appliance S690 Quickstart Guide](#)
Provides instructions for the installation and basic configuration of Cisco S690 Web Security Appliances.
- [Cisco Email Security Appliance C190 Quickstart Guide](#)
Provides instructions for the installation and basic configuration of C190 Cisco Email Security Appliances.
- [Cisco Email Security Appliance C390 Quickstart Guide](#)
Provides instructions for the installation and basic configuration of C390 Cisco Email Security Appliances.
- [Cisco Email Security Appliance C690 Quickstart Guide](#)
Provides instructions for the installation and basic configuration of C690 Cisco Email Security Appliances.
- [Cisco M190 Content Security Management Appliance Quickstart Guide](#)
Provides instructions for the installation and basic configuration of Cisco M190 Content Security Management Appliances.
- [Cisco M390 Content Security Management Appliance Quickstart Guide](#)
Provides instructions for the installation and basic configuration of Cisco M390 Content Security Management Appliances.
- [Cisco M690 Content Security Management Appliance Quickstart Guide](#)
Provides instructions for the installation and basic configuration of Cisco M690 Content Security Management Appliances.
- [Cisco x90 Series Content Security Appliances Installation and Maintenance Guide](#)
Provides installation and maintenance instructions for Cisco x90 Series Content Security Appliances.
- [Compatibility Matrix for Cisco Content Security Management Appliances](#)
(Revised) Lists the Cisco Email Security Appliance and Cisco Web Security Appliance software releases that are compatible with each Cisco Content Security Management Appliance software release.
- [Regulatory Compliance and Safety Information for the Cisco 90 Series Content Security Appliances](#)
Provides Regulatory Compliance and Safety Information for the Cisco 90 Series Content Security Appliances.
- [Release Notes for AsyncOS 9.5.2 for Cisco Content Security Management Appliances—LD \(Limited Deployment\)](#)
Contains important information about the software release that ships on the new 90-series hardware appliances.

Servers—Unified Computing

None at this time.

Service Exchange

None at this time.

Storage Networking

None at this time.

Switches

- [Cisco Nexus 9000 Series and Cisco Nexus 3164Q FPGA/EPLD Upgrade Release Notes, Release 7.0\(3\)I1\(2\)](#)
Lists the updated EPLD images and describes how to install them on Cisco Nexus 9000 Series and Nexus 3000 Series switches.
- [Cisco Nexus 92160YC-X NX-OS-Mode Switch Hardware Installation Guide](#)
Describes how to install the Cisco Nexus 92160YC-X switch chassis (for NX-OS mode) and replace its modules.
- [Cisco Nexus 9372TX and 9372TX-E NX-OS-Mode Switches Hardware Installation Guide](#)
Describes how to install the Cisco Nexus 9372TX and 9372TX-E switch chassis (for NX-OS mode) and replace their modules.
- [Cisco Nexus 9504 NX-OS Mode Switch Hardware Installation Guide](#)
Describes how to install the Cisco Nexus 9504 switch chassis (for NX-OS mode) and replace its modules.
- [Cisco Nexus 9508 NX-OS Mode Switch Hardware Installation Guide](#)
Describes how to install the Cisco Nexus 9508 switch chassis (for NX-OS mode) and replace its modules.
- [Cisco Nexus 9516 NX-OS Mode Switch Hardware Installation Guide](#)
Describes how to install the Cisco Nexus 9516 switch chassis (for NX-OS mode) and replace its modules.

Unified Communications

- [Cisco Collaboration Systems Release 11.0\(1\) Release Notes for Collaboration](#)
Describes the features tested, limitations, and open caveats for Cisco Collaboration Systems Release 11.0(1).
- [Cisco Collaboration Systems Release 11.0\(1\) Release Notes for Contact Center](#)
Describes the features tested, limitations, and open caveats for Cisco Collaboration Systems Release 11.0(1) for Contact Center.
- [Cisco Collaboration Systems Release Compatibility Matrix](#)
Identifies the compatible product software release versions for Cisco Collaboration Systems Releases (CSR) 10.5 and onward.
- [Cisco Expressway and Microsoft Lync Deployment Guide \(X8.7\)](#)
Provides step-by-step instructions for deploying a Cisco Expressway with Cisco Unified Communications Manager over a SIP trunk, and with a gateway to Microsoft Lync.
- [Cisco VCS and Microsoft Lync Deployment Guide \(X8.7\)](#)
Provides step-by-step instructions for deploying a Cisco VCS with Microsoft Lync Server.
- [Collaboration Test Bed Configuration Command Files for CSR 11.0\(1\)](#)
Provides sample Configuration Command files for the Cisco Collaboration Systems Release 11.0(1) test bed.

- [Collaboration Test Bed Description for CSR 11.0\(1\)](#)

Describes the Cisco Collaboration Systems Release 11.0(1) test bed.
- [Collaboration Test Bed Topology for CSR 11.0\(1\)](#)

Provides a Visio topology of the Cisco Collaboration Systems Release 11.0(1) test bed.
- [Technical Information Site for Cisco Collaboration Systems Release 11.0\(1\)](#)

Presents system documentation in the network lifecycle process: Prepare, Plan, Design, Implement, Operate, and Optimize for Cisco Collaboration Systems Release 11.0(1).
- [Technical Information Site for Cisco Collaboration Systems Release 11.0\(1\) for Contact Center](#)

Presents system documentation in the network lifecycle process: Prepare, Plan, Design, Implement, Operate, and Optimize for Cisco Collaboration Systems Release 11.0(1) for Contact Center.
- [Unified CCE Cisco Remote Expert Mobile Configuration](#)

Provides configuration information for Remote Expert Mobile configuration in a Cisco Unified Contact Center Enterprise environment.
- [Unified CCE Test Bed Configuration Command Files for CSR 11.0\(1\)](#)

Provides sample Configuration Command files for the Unified CCE Cisco Collaboration Systems Release 11.0(1) test bed.
- [Unified CCE Test Bed Description for CSR 11.0\(1\)](#)

Describes the Cisco Collaboration Systems Release 11.0(1) Unified CCE test bed.
- [Unified CCE Test Bed Topology for CSR 11.0\(1\)](#)

Provides a Visio topology of the Unified CCE Cisco Collaboration Systems Release 11.0(1) test bed.
- [Unified CCE Unified SIP Proxy 9.0 on Virtual Machine Configuration](#)

Provides configuration information for Cisco Unified SIP Proxy 9.0 on a Virtual Machine in a Cisco Unified Contact Center Enterprise environment.
- [Unified CCX Agent Email Configuration](#)

Provides configuration information for Agent Email configuration in a Cisco Unified Contact Center Express environment.
- [Unified CCX Cisco Jabber Guest Configuration](#)

Provides configuration information for Cisco Jabber Guest in a Cisco Unified Contact Center Express environment.
- [Unified CCX Test Bed Configuration Command Files for CSR 11.0\(1\)](#)

Provides sample Configuration Command files for the Unified CCX Cisco Collaboration Systems Release 11.0(1) test bed.
- [Unified CCX Test Bed Description for CSR 11.0\(1\)](#)

Describes the Cisco Collaboration Systems Release 11.0(1) Unified CCX test bed.
- [Unified CCX Test Bed Topology for CSR 11.0\(1\)](#)

Provides a Visio topology of the Unified CCX Cisco Collaboration Systems Release 11.0(1) test bed.

Universal Gateways and Access Servers

None at this time.

Creating Bookmarks to Cisco.com Pages

After you log in to Cisco.com, you can use the My Cisco tool to save links and documents. You can then go to the links from any Cisco.com page. The tool is available on most Cisco.com pages. See the *My Cisco User Guide* for help:

<http://www.cisco.com/web/help/mycisco.html>

Cisco Support and Downloads

The Cisco Support and Downloads website provides online resources to download documentation, software, and tools. Use these resources to install and configure the software and to troubleshoot and resolve technical issues with Cisco products and technologies. To receive security and technical information about your products, subscribe to the Product Alert Tool (accessed from Field Notices), the Cisco Technical Services Newsletter, and Really Simple Syndication (RSS) feeds.

Access to most tools on the Cisco Support and Downloads website requires a Cisco.com user ID and password.

For more information:

<http://www.cisco.com/cisco/web/support/index.html>

Submitting a Service Request

Open a service request online at:

<https://tools.cisco.com/ServiceRequestTool/scm/mgmt/case>

Display a list of Cisco worldwide contacts at:

http://www.cisco.com/en/US/support/tsd_cisco_worldwide_contacts.html

Obtaining Additional Information

Information about Cisco products, services, technologies, and networking solutions is available from various online sources.

- Sign up for Cisco email newsletters and other communications at:

<http://www.cisco.com/offer/subscribe>

- Visit the Cisco Services website for the latest technical, advanced, and remote services to increase the operational reliability of your network. Go to:

<http://www.cisco.com/go/services>

- Visit Cisco Marketplace, the company store, for Cisco collateral, logo merchandise, Cisco Press books, and software at:
<http://www.cisco.com/go/marketplace/>
- Obtain general networking, training, and certification titles from Cisco Press publishers at:
<http://www.ciscopress.com>
- *What's New in Cisco Product Documentation* (this document) is an online publication that provides information about the latest documentation releases for Cisco products. This online publication is updated monthly and organized by product category. Go to:
<http://www.cisco.com/c/en/us/td/docs/general/whatsnew/whatsnew.html>
- The Warranty Finder allows you to find warranty information that applies to a specific product or product series/family. To access Cisco Warranty Finder:
<http://www.cisco-warrantyfinder.com>

Cisco and the Cisco logo are trademarks or registered trademarks of Cisco and/or its affiliates in the U.S. and other countries. To view a list of Cisco trademarks, go to this URL: www.cisco.com/go/trademarks. Third-party trademarks mentioned are the property of their respective owners. The use of the word partner does not imply a partnership relationship between Cisco and any other company. (1110R)
