Cisco IOS XR Commands Master List, Release 4.2.x

This page contains an alphabetical list of all the commands documented for the Cisco CRS Router running Cisco IOS XR Release 4.2.x software. Use the Alphabet Key or your web browser’s Find function to search for a command. To access the documentation for a particular command, click on the command name.

This product has reached end-of-life status. For more information see End-of-Life and End-of-Sale Notices.
