

About General Administration Documentation

Welcome to the remodeled *General Administration on Cisco ASR 9000 Series Routers* for all Cisco IOS XR releases.

Release-agnostic Document

This remodeled content experience helps you navigate or search the content of interest with ease. To enhance your experience of our product knowledge base, we have restructured the previous release-specific *System Management Configuration Guide for Cisco ASR 9000 Series Routers* to *General Administration on Cisco ASR 9000 Series Routers, Cisco IOS XR Releases*. This document serves as your comprehensive compilation of information related to the general administration of your router right after you setup your router.

To ensure continued relevance, we will regularly update this document to align with the latest features and releases.

Where to begin

To initiate exploring General Administration, we recommend you to review the [Product and Release Information Matrix](#). This resource offers valuable insights into features supported not only on the ASR 9000 Series Routers but across other IOS XR routing products, facilitating a comprehensive understanding and navigation across our documents.
