### New and Changed Telemetry Features

Feature	Description	Changed in Release	Where Documented
Filter Telemetry Data Using Regex Keys in Sensor Paths	<p>Streaming huge telemetry data can create congestion in the network.</p> <p>With this feature, you can use the regular expression (regex) keys in the sensor path configuration on the router. The keys limit the amount of data that can be streamed, thereby ensuring better bandwidth utilization.</p>	Release 7.4.1	<a href="#">Filter Telemetry Data Using Regex Key</a>
