

# CHAPTER 1

## LMS 4.1 Navigation: Overview

---

Cisco Prime LAN Management Solution (LMS) 4.1 provides powerful features that enable you to configure, monitor, troubleshoot, and administer your networks.

Cisco Prime LMS 4.1 has a new menu layout that facilitates access to information and tools required to manage your network.

Cisco Prime LMS groups tasks into the following core functions in this release:

- Monitor (See *Monitoring and Troubleshooting with Cisco Prime LAN Management Solution 4.1* for more information)
- Inventory (See *Inventory Management with Cisco Prime LAN Management Solution 4.1* for more information)
- Configuration (See *Configuration Management with Cisco Prime LAN Management Solution 4.1* for more information)
- Reports (See *Reports Management with Cisco Prime LAN Management Solution 4.1* for more information)
- Admin (See *Administration of Cisco Prime LAN Management Solution 4.1* for more information)
- Work Center (See *Technology Work Centers in Cisco Prime LAN Management Solution 4.1* for more information)

This guide provides information on the menu and task navigation changes from LMS 3.2 to LMS 4.1, explained in:

- [Navigating Cisco Prime Common Services Tasks in LMS 4.1](#)
- [Navigating Cisco Prime Resource Manager Essentials Tasks in LMS 4.1](#)
- [Navigating Cisco Prime Campus Manager Tasks in LMS 4.1](#)
- [Navigating Cisco Prime Device Fault Manager Tasks in LMS 4.1](#)
- [Navigating Cisco Prime Health and Utilization Monitor Tasks in LMS 4.1](#)
- [Navigating Cisco Prime Internetwork Performance Monitor Tasks in LMS 4.1](#)
- [Navigating Cisco Prime CiscoView Tasks in LMS 4.1](#)
- [Mapping LMS 3.2 Features and Terminologies to LMS 4.1 Functions](#)

This guide also provides information on the LMS 3.2 applications and tasks removed from LMS 4.1, explained in:

- [Cisco Prime LMS 3.2 Applications Removed from LMS 4.1](#)
- [Cisco Prime Common Services Tasks Removed from LMS 4.1](#)
- [Cisco Prime Resource Manager Essentials Tasks Removed from LMS 4.1](#)
- [Cisco Prime Device Fault Manager Tasks Removed from LMS 4.1](#)
- [Cisco Prime Campus Manager Tasks Removed from LMS 4.1](#)
- [Cisco Prime Health and Utilization Monitor Tasks Removed from LMS 4.1](#)
