

# Preface

---

The *Cisco Prime Cable Provisioning Quick Start Guide* describes general requirements and installation procedures for Cisco Prime Cable Provisioning.

This preface contains the following sections:

- [Audience, on page i](#)
- [Product Documentation, on page i](#)
- [Obtaining Documentation and Submitting a Service Request, on page ii](#)

## Audience

System integrators, network administrators, and network technicians use this guide to install Prime Cable Provisioning on the Linux operating system.

## Product Documentation

---

**Note** We sometimes update the printed and electronic documentation after original publication. Therefore, you should also review the documentation on [Cisco.com](https://www.cisco.com) for any updates.

---

See the [Cisco Prime Cable Provisioning Documentation Overview](#) for the list of Prime Cable Provisioning guides.

### Related Documentation

See the [Cisco Prime Network Registrar Documentation Overview](#) for the list of Cisco Prime Network Registrar guides.

See the [Prime Cable Provisioning Upgrade Matrix](#) for the upgrade compatibility of the current release with the previous releases.

See the [Prime Cable Provisioning Compatibility Matrix](#) for the PNR, PG and API compatibility of the current release with the previous releases.

# Obtaining Documentation and Submitting a Service Request

For information on obtaining documentation, using the Cisco Bug Search Tool (BST), submitting a service request, and gathering additional information, see *What's New in Cisco Product Documentation*, at: <http://www.cisco.com/c/en/us/td/docs/general/whatsnew/whatsnew.html>.

Subscribe to *What's New in Cisco Product Documentation*, which lists all new and revised Cisco technical documentation as an RSS feed and delivers content directly to your desktop using a reader application. The RSS feeds are a free service.
