

Cisco Prime Optical 9.6 Documentation Overview

December 18, 2012

You can access the Cisco Prime Optical 9.6 end-user documentation on Cisco.com at http://www.cisco.com/en/US/products/ps11670/tsd_products_support_series_home.html.

Note

We sometimes update the documentation after original publication. Therefore, you should review the documentation on Cisco.com for any updates.

The following documents are provided as part of the Cisco Prime Optical product:

Documentation Title	What Is Included
Cisco Prime Optical 9.6 Release Notes	Provides an overview of the release and describes how to access bugs for Prime Optical 9.6.
Cisco Prime Optical 9.6 Quick Start Guide	Provides steps that lead you through a new installation for a single-server setup with an embedded database. The purpose of this guide is to quickly get you up and running with Prime Optical 9.6.
Cisco Prime Optical 9.6 Installation Guide	Explains how to install and upgrade to Prime Optical 9.6.
Cisco Prime Optical 9.6 User Guide	Describes how to use the Prime Optical software, which consists of user applications and tools for network discovery, network configuration, connection management, fault management, system administration, and security management.
Cisco Prime Optical 9.6 GateWay/CORBA User Guide and Programmer Manual	Describes the GateWay/CORBA northbound interface product that is available for Prime Optical. This document serves as a reference for developers of Operations Support System (OSS) applications that work with the Prime Optical GateWay/CORBA interface.
Cisco Prime Optical 9.6 Database Schema	Describes the database schema that Prime Optical uses to store information in a Structured Query Language (SQL) database such as the Oracle database. This document is designed for users who need to create their own reports without using Prime Optical.

Americas Headquarters:
Cisco Systems, Inc., 170 West Tasman Drive, San Jose, CA 95134-1706 USA

Documentation Title	What Is Included
Cisco Prime Optical 9.6 High Availability Installation Guide	Explains how to install Prime Optical in a high availability (HA) environment. Note To obtain the <i>Cisco Prime Optical 9.6 High Availability Installation Guide</i> , contact your Cisco account representative.
Cisco Prime Optical 9.6 ML Provisioning Methodology	Describes the methodology that Prime Optical uses to provision ML-series cards.
Migration Matrix for Service Pack Releases	Describes the migration matrix for service pack releases.
Cisco Prime Optical 9.6 Open Source	Lists of licenses and notices for open source software.
Cisco Prime Optical 9.6 Supported Devices	Compatibility information lists which Cisco software versions can be used with a particular Cisco hardware product or module.

Obtaining Documentation and Submitting a Service Request

For information on obtaining documentation, submitting a service request, and gathering additional information, see the monthly *What's New in Cisco Product Documentation*, which also lists all new and revised Cisco technical documentation, at:

<http://www.cisco.com/en/US/docs/general/whatsnew/whatsnew.html>

Subscribe to the *What's New in Cisco Product Documentation* as a Really Simple Syndication (RSS) feed and set content to be delivered directly to your desktop using a reader application. The RSS feeds are a free service and Cisco currently supports RSS Version 2.0.
