## New and Changed MPLS Feature Information

Table 1: New and Changed Features

| Feature                             | Description   | Changed in Release | Where Documented  |
|-------------------------------------|---|--------------------|---|
| Autoroute Tunnel as Designated Path | With this feature, you can exclusively specify an autoroute tunnel to forward traffic to a particular tunnel destination address without considering the IS-IS metric for traffic path selection. | Release 7.6.2      | <a href="#">Configure Autoroute Tunnel as Designated Path</a> |
