

# Release Notes for Cisco Catalyst SD-WAN Release 17.17.x and 20.17.x

First Published: 2025-04-02

## Release Notes for Cisco Catalyst SD-WAN Release 17.17.x and 20.17.x

Cisco is committed to delivering cutting-edge solutions through continuous refinement of our software offerings. In line with this commitment, we have revised the release schedule for Cisco Catalyst SD-WAN platform to ensure that our products align with strategic objectives and maintain the highest standards of innovation and quality.

#### **Release Details**

Cisco Catalyst SD-WAN will not release version 17.17.1/20.17.1, initially planned for April 2025. This decision aligns the product with the long-term vision for both software and hardware, ensuring sufficient time for feature refinement.

#### What's Next

The features and enhancements initially planned for the Cisco Catalyst SD-WAN version 17.17.1/20.17.1 release will be integrated into the upcoming SD-WAN release version 17.18.1/20.18.1, which is tentatively scheduled for August 2025.

Please reach out to your Cisco contact for additional queries.

#### FA<sub>0</sub>s

- **1.** What will happen to the feature I was expecting in the 17.17.1/20.17.1 release? These features will be made available through the 17.18.1/20.18.1 release.
- **2.** What will happen to the bug fixes I was expecting in the 17.17.1/20.17.1 release? These bugs will also be fixed in the 17.18.1/20.18.1 release.
- 3. I am participating in the 17.17.1/20.17.1 EFT. What should I do?
  The EFT activities will continue as is. Your EFT feedback will be integrated into the 17.18.1/20.18.1 release.
- **4.** Will there be any impact on the release 17.18.1/20.18.1 EFT? No, the release 17.18.1/20.18.1 EFT will commence as planned.
- **5.** How can I stay updated on the release timeline?

The release 17.18.1/20.18.1 is tentatively targeted for August 2025.

**6.** Does this change apply to Routing/SD-WAN only or also to other technologies, such as switching and wireless?

This change applies to the Routing/SD-WAN release only.

7. Does this change apply to routers such as IR/CGW?

Yes, this change is applicable to all platforms that support Routing/SD-WAN.
