

## Deprecated Tables

This appendix contains information on tables which were used in previous releases and are now deprecated. Although you can still query these tables, the values in the fields may not be correct, and in most cases are null. There are no supported joins for these tables.

**Table A-1**      **Deprecated Tables**

Table	Superseded by	Last Used Version
application_ip_map	<a href="#">application_host_map</a> , page 6-5	5.1.1
