Preface

Overview

This document provides information about installing deploying, and using the Cisco Video Surveillance 8000P IP Camera.

Organization

This manual is organized as follows:

Chapter 1, "Getting Started"	Provides information about getting started with and understanding the IP Camera
Chapter 2, "Accessing the IP Camera"	Explains how to access the IP camera through web browsers and RTSP players
Chapter 3, "IP Camera Main Page"	Describes the layout of the main page of the IP camera web based interface
Chapter 4, "Client Settings"	explains how to select the stream transmission mode and saving options on the local computer
Chapter 5, "Configuration"	Describes the IP camera settings options

Obtaining Documentation and Support

For information about obtaining documentation, submitting a service request, and gathering additional information, see the monthly *What's New in Cisco Product Documentation*. This document also lists new and revised Cisco technical documentation. It is available at:

http://www.cisco.com/en/US/docs/general/whatsnew/whatsnew.html

Subscribe to the *What's New in Cisco Product Documentation* as a Really Simple Syndication (RSS) feed and set content to be delivered directly to your desktop using a reader application. The RSS feeds are a free service and Cisco currently supports RSS version 2.0.
