

Preface

Overview

This document, *Cisco Video Surveillance 7000 Series IP Camera Configuration Guide*, provides information about installing and deploying the Cisco Video Surveillance 7000 Series IP Cameras.

See the [Release Notes for Cisco Video Surveillance IP Cameras](#) for the supported camera models and other important information in this release.

Organization

This manual is organized as follows:

| | |
|--|---|
| Chapter 1, “Overview” | Provides information about the IP camera features, instructions for accessing the user interface, and information about the user interface. |
| Chapter 2, “Performing the Initial Setup of the IP Camera” | Provides information and instructions about performing the initial setup of the IP camera. |
| Chapter 3, “Viewing Live Video” | Provides information and instructions about viewing live video. |
| Chapter 4, “Feature Setup” | Provides information and instructions for configuring IP camera features, such as streaming, camera capabilities, video overlay, I/O ports, and events. |
| Chapter 5, “Events” | Provides information and instructions for configuring event notification and history settings, and for viewing event logs. |
| Chapter 6, “Local Storage” | Provides information about enabling and configuring local storage, which allows you to store video on a local MicroSD card. |
| Chapter 7, “Network Setup” | Provides information and instructions for configuring network settings, such as IP addressing, time, discovery, IP filtering, and quality of service (QoS). |
| Chapter 8, “Application Manager” | Provides information and instructions about using apps with the IP camera |

| | |
|---|--|
| Chapter 9, “Administration” | Provides information and instructions for performing administrative tasks, such as IP camera initialization, user management, maintenance, firmware upgrade, device processes management, and password complexity. |
| Chapter 10, “Log Configuration” | Provides information and instructions for configuring and viewing logs. |
| Appendix A, “Viewing Live Video and Snapshots from a Browser” | Provides information and instructions for using a web browser to view live video or a snapshot from an IP camera |

Obtaining Documentation and Submitting a Service Request

For information on obtaining documentation, using the Cisco Bug Search Tool (BST), submitting a service request, and gathering additional information, see *What’s New in Cisco Product Documentation* at: <http://www.cisco.com/c/en/us/td/docs/general/whatsnew/whatsnew.html>.

Subscribe to *What’s New in Cisco Product Documentation*, which lists all new and revised Cisco technical documentation, as an RSS feed and deliver content directly to your desktop using a reader application. The RSS feeds are a free service.
