Preface

This preface describes the audience, organization, and conventions of the *Cisco Smart+Connected Spaces Mobile Application User Guide*. It also references related documentation and describes how to provide documentation feedback.

Audience

This guide is intended for the users of the Cisco Smart+Connected Spaces (Smart Spaces) mobile application.

Organization

This document is organized as follows:

Chapter	Description
Chapter 1, "Getting Started"	Provides an overview of the Smart Spaces mobile application.
Chapter 2, "Managing Workspaces"	Describes how you can do the following: • Search for workspaces. • Check in to available workspaces. • Check out from checked in workspaces.

Chapter	Description
Chapter 3, "Managing Conference or TelePresence Rooms"	Describes how you can do the following: • Search for conference/TelePresence (TP) rooms and view the availability status of the rooms. • Book conference/TP rooms for meetings and invite people for the meetings.
Chapter 4, "Managing Contacts"	Describes how you can search for and view the contact details of the people within the enterprise. It also describes how to initiate a telephonic call and send text messages and e-mails within the enterprise.
Chapter 5, "Locating Buildings"	Describes how you can locate a building of an enterprise and view its details.

Document Conventions

Command descriptions use these conventions:

Convention	Description
boldface font	Commands and keywords are in **boldface**.
italic font	Arguments for which you supply values are in *italics*.

This document uses the following conventions:

Note Means *reader take note*. Notes contain helpful suggestions or references to material not covered in the publication.
