New and Changed Information

The following table provides an overview of the significant changes to this guide up to this current release for Cisco Application Centric Infrastructure Virtual Edge. The table does not provide an exhaustive list of all changes that are made to the guide or of the new features up to this release.

Cisco Application Centric Infrastructure Virtual Edge Release	Feature	Description	Where Documented
Cisco ACI Virtual Edge Release 2.0(2).	<p>Cisco Application Centric Infrastructure Virtual Edge as part of Cisco Application Centric Infrastructure (ACI) Virtual Pod (vPod).</p> <p>Note Cisco ACI vPod is in general availability in Cisco APIC Release 4.0(2).</p>	<p>Cisco ACI vPod is a software-only solution that enables you to extend the Cisco ACI fabric into the bare-metal cloud and other remote locations.</p> <p>Cisco ACI vPod allows you to use Cisco ACI Virtual Edge where you do not have a physical leaf. You must specify in VMware vCenter when you deploy the Cisco ACI Virtual Edge in a vCenter domain whether it is part of Cisco ACI vPod.</p>	<ul style="list-style-type: none"> • <i>Cisco ACI Virtual Pod Release Notes</i> • <i>Cisco ACI Virtual Pod Installation Guide</i> • <i>Cisco ACI Virtual Pod Getting Started Guide</i>
