New and Changed Information

The following new publications support both Cisco DCNM for LAN and DCNM for SAN, and address the new licensing model, the new installation process, and the new features of Cisco DCNM:

- *Cisco DCNM Installation and Licensing Guide*
- *Cisco DCNM Release Notes*

For a complete list of document titles, see the list of Related Documentation in the “Preface.”

To find additional information about Cisco MDS NX-OS Releases, see the *Cisco MDS 9000 Family Release Notes* available at the following Cisco Systems website:
