

Preface

This preface describes the audience, organization, and conventions of the *Cisco Nexus 7000 Series NX-OS Fundamentals Command Reference*. It also provides information on how to obtain related documentation.

This chapter includes the following sections:

- Audience, page 13
- Organization, page 13
- Document Conventions, page 14
- Related Documentation, page 14
- Documentation Feedback, page 15
- Obtaining Documentation and Submitting a Service Request, page 16

Audience

This publication is for experienced users who configure and maintain Cisco NX-OS devices.

Organization

This reference is organized as follows:

Chapter and Title	Description
New and Changed Information	Describes the new and changed information for each Cisco NX-OS software release.
Cisco Nexus 7000 Series NX-OS Fundamentals Commands	Describes the Cisco NX-OS fundamentals commands.

Document Conventions

Command descriptions use these conventions:

Convention	Description
boldface font	Commands and keywords are in boldface.
italic font	Arguments for which you supply values are in italics.
[]	Elements in square brackets are optional.
[x y z]	Optional alternative keywords are grouped in brackets and separated by vertical bars.
string	A nonquoted set of characters. Do not use quotation marks around the string or the string will include the quotation marks.

Screen examples use these conventions:

screen font	Terminal sessions and information that the switch displays are in screen font.
boldface screen font	Information you must enter is in boldface screen font.
italic screen font	Arguments for which you supply values are in italic screen font.
< >	Nonprinting characters, such as passwords, are in angle brackets.
[]	Default responses to system prompts are in square brackets.
!, #	An exclamation point (!) or a pound sign (#) at the beginning of a line of code indicates a comment line.

This document uses the following conventions:

Means reader *take note*. Notes contain helpful suggestions or references to material not covered in the manual.

Means reader be careful. In this situation, you might do something that could result in equipment damage or loss of data.

Means the following information will help you solve a problem.
