

## CHAPTER 5

# Use and Care Guide

---

Revised: July 23, 2009, OL-19520-01

## Cleaning the CTS 1300 Display

The display requires special consideration when cleaning. Wipe the panel surface gently using only a cleaning cloth or a soft, lint-free cloth.

**Tip**

---

You can use the microfiber cloth that is provided in the CTS 1300 assembly kit to clean the display and display bezel. The part number is 51-5266-01.

---

If the surface is particularly dirty, wipe with a soft, lint-free cloth which has been soaked in pure water or water to which a small amount of neutral detergent has been added, and then wipe it evenly with a dry cloth of the same type until the surface is dry.
