

CTMS Delete Commands

Revised: February 25, 2009, OL-19468-01

This chapter contains the following Cisco TelePresence Multipoint Switch (CTMS) **delete** CLI commands. For information on how to use CTMS CLI commands, refer to “Using Cisco TelePresence Multipoint Switch CLI Commands” chapter in this manual.

- [delete account, page 2-2](#)
- [delete dns addr, page 2-3](#)
- [delete process, page 2-4](#)

Note

For information about using the CTMS Administration software, refer to the *Cisco TelePresence Multipoint Switch Release 1.5 Administration Guide* at the following URL:
http://www.cisco.com/en/US/products/ps7315/prod_maintenance_guides_list.html

delete account

delete account *name*

Syntax Description	<i>name</i>	Name of the administrative account to be deleted
---------------------------	-------------	--

Command Modes	Admin
----------------------	-------

Command History	Release	Modifications
	1.5	This command was introduced.

Usage Guidelines	Use this command to delete administrative accounts.
-------------------------	---

Examples	admin: delete account admin1
-----------------	-------------------------------------

delete dns addr

`delete addr address`

Syntax Description	<i>address</i>	IP address of the Domain Name System (DNS) server to be deleted
---------------------------	----------------	---

Command Modes	Admin
----------------------	-------

Command History	Release	Modifications
	1.5	This command was introduced.

Usage Guidelines	Use this command to delete the specified Domain Name System (DNS) server from the system.
