

Preface

Revised: June 26, 2008

This chapter includes the following sections:

- [Purpose, page v](#)
- [Audience, page v](#)
- [Document Conventions, page v](#)
- [Related Documentation, page vi](#)
- [Obtaining Documentation and Submitting a Service Request, page vi](#)

Purpose

This guide describes how to set up, configure, and administer your DMM appliances and your Video Portal appliances. It also tells you how to use the *Appliance Administration Interface (AAI)*, a text user interface that helps you to administer a DMS appliance.

Audience

The intended audience for this guide is systems or network administrators who install, configure, or troubleshoot Cisco DMS appliance hardware.

Document Conventions

This guide uses these text formatting conventions:

Item	Convention
Commands and keywords	boldface font
Variables for which you supply values	<i>italic</i> font
Displayed session and system information	screen font
Information you enter	boldface screen font
Variables you enter	<i>italic screen</i> font

Item	Convention
Menu items and button names	boldface font
Selecting a menu item in paragraphs	Option > Network Preferences
Selecting a menu item in tables	Option > Network Preferences

**Note**

Means *reader take note*. Notes contain helpful suggestions or references to material not covered in the publication.

**Caution**

Means *reader be careful*. In this situation, you might do something that could result in equipment damage or loss of data.

**Tip**

Means *the following information will help you solve a problem*. The tips information might not be troubleshooting or even an action, but could be useful information, similar to a Timesaver.

Related Documentation

For a list of all Cisco DMS product documentation, see the *Guide to Documentation for the Cisco Digital Media System* at the following URL:
