Purpose

This guide describes the installation and configuration tasks that system administrators must complete before deploying a Cisco MXE 3500 in a standalone or Resource Manager configuration.

This guide does not describe how to use the Cisco MXE 3500; see the *User Guide for Cisco MXE 3500* for this information.

Audience

This guide is for the system administrator who is responsible for deploying Cisco MXE 3500; this guide is not for end users.

For changes that occurred to this product after the publication date of this guide, see the release notes at this URL:

http://www.cisco.com/en/US/products/ps9892/prod_release_notes_list.html

The release notes include important information about system requirements, product limitations, restrictions, caveats, and documentation updates.

Obtaining Documentation and Submitting a Service Request

For information on obtaining documentation, submitting a service request, and gathering additional information, see the monthly *What's New in Cisco Product Documentation*, which also lists all new and revised Cisco technical documentation, at:

http://www.cisco.com/en/US/docs/general/whatsnew/whatsnew.html

Subscribe to the *What's New in Cisco Product Documentation* as a Really Simple Syndication (RSS) feed and set content to be delivered directly to your desktop using a reader application. The RSS feeds are a free service and Cisco currently supports RSS Version 2.0.

Providing Documentation Feedback

To provide feedback on this Cisco MXE 3500 document, or to report an error or omission, you can use the online, Embedded Feedback form. The form appears when you click the "Give us Feedback" link that is located at the top right of each chapter in this guide, which you can access at the following URL:

http://www.cisco.com/en/US/docs/video/mxe/3500/sw/3_x/3_0/deployment/guide/ag_mxe30.html

You can also send feedback to mxe-doc@cisco.com.
