Overview

The *Cisco Emergency Responder User Guide* provides you with the information you need to use Cisco Emergency Responder (Emergency Responder).

Audience

Security personnel should read this guide to understand the tasks they need to perform and to learn about the Emergency Responder User web interface.

Organization

The following table shows how this guide is organized:

Topic	Description
Cisco Emergency Responder	Provides information about Emergency Responder and describes the tasks performed by on-site security personnel.
User Web Interface	Describes the fields on the windows of the Emergency Responder User web interface.

Documentation, support, and security guidelines

For information about obtaining documentation, obtaining support, providing documentation feedback, security guidelines, and recommended aliases and general Cisco documents, see the monthly *What's New in Cisco Product Documentation*, which also lists all new and revised Cisco technical documentation, at:

<http://www.cisco.com/en/US/docs/general/whatsnew/whatsnew.html>

Cisco product security

This product contains cryptographic features and is subject to United States and local country laws governing import, export, transfer, and use. Delivery of Cisco cryptographic products does not imply third-party authority to import, export, distribute, or use encryption. Importers, exporters, distributors and users are responsible for compliance with U.S. and local country laws. By using this product you agree to comply with applicable laws and regulations. If you are unable to comply with U.S. and local laws, return this product immediately.

For more information about U.S. export regulations, go to http://www.access.gpo.gov/bis/ear/ear_data.html.
