Troubleshooting Comet Notifications over SSL

Unable to Send Comet Notification over SSL

Make sure of the following if Unity Connection is unable to send comet notifications over SSL:

- User workstations are establishing connection on 7443 port.
- Firewall is not blocking the traffic on 7443 port.
- The show cuc jetty ssl status command is executed on both the primary and secondary nodes and the SSL mode is enabled.
- Connection Jetty service is restarted on both the primary and secondary servers.
