Generate Cisco Gateway Reports

You can generate a report for all VGXXX Gateways or for a limited set of gateways. Reports for VGXXX Gateways have a fixed format.

Note Reports can be generated only for VG200, VG224, VG202, VG310, VG320, VG350, VG450, ISR 4461, and VG204 gateways.

Procedure

Step 1 Choose Bulk Administration > Gateways > Generate Gateway Reports.

Step 2 From the Find Gateways where drop-down list, choose one of the following options:

- Name
- Description
- DN/Route Pattern
- Calling Search Space
- Device Pool
- Device Type

Step 3 From the second Find Gateways where drop-down list, choose one of the following criteria:

- begins with
- contains
- is exactly
- ends with
- is empty
- is not empty

Step 4 From the third drop-down list, choose Show to display the associated endpoints.

Step 5 Specify the appropriate search text, if applicable, and click Find.

Tip To find all gateways that are registered in the database, click Find without entering any search text.

To further define your query, you can choose AND or OR to add multiple filters and repeat [Step 2, on page 1](#) through [Step 5, on page 2](#).

A list of discovered templates displays by:

- Device Name
- Description
- Device Pool
- Status
- IP address

Step 6 Click Next to choose details for your type of report.

The Gateway Report Configuration window displays and shows the query that you chose. If you want to change the type of query, click Back.

Step 7 In the File Name field, enter your name for this report (required).

Step 8 Choose the file format from the drop-down list.

Step 9 In the Job Information area, enter the Job description.

Step 10 Choose when to generate a report. Do one of the following:

- a) Click Run Immediately to generate a report immediately.
- b) Click Run Later to generate a report at a later time.

Step 11 Click Submit to create a job for generating the report.

Use the Job Scheduler option in the Bulk Administration main menu to schedule and/or activate this job.

What to do next

You can search and download the report file using the Upload/Download Files option in the Bulk Administration menu.
