Configuring Time Policies

Viewing a List of Time Policies

Procedure

Step 1   Choose **Configure** > **Time Policies**.

The system displays the Time Policies page showing the time policies with the fields in Time Policy Fields, on page 2.

Step 2   To delete a time policy, do the following:

a)   Check the check box next to the name of the time policy to delete.

b)   Click **Remove**.

c)   In the Cisco Unified SIP Proxy header, click **Commit Candidate Configuration** to commit this change.

Step 3   To revert any changes you have made back to the state they were in at the time of the last commit, do the following:

a)   Check the check box next to the name of the time policy that has the changes to revert back to.

b)   Click **Revert**.

c)   In the Cisco Unified SIP Proxy header, click **Commit Candidate Configuration** to commit this change.

Time Policy Steps

Table 2: Time Policy Steps

Parameter	Description
Active Dates	
Start Date & Time	Start date and time of this time policy.
	Enter the date, hour, minute, and either AM or PM.
End Date & Time	End date and time of this time policy.
	If you check this check box and click **Update**, the system prompts you to enter a date.
Schedule Restrictions	
Weekdays/Dates	Defines any weekday or date restrictions that your time policy may have.
	If you check this check box and click **Update**, the system prompts you to choose either Days of the Week or Days of the Month.
	• If you check Days of the Week, the system prompts you to check which days of the week this policy covers.
	• If you check Days of the Month, the system prompts you to check which days of the month this policy covers.
Months	Defines any monthly restrictions that your time policy may have.
	If you check this check box and click **Update**, the system prompts you to check which months this policy covers.
Time of Day	Defines any time of day restrictions that your time policy may have.
	If you check this check box and click **Update**, the system prompts you to enter a time. After you enter a time, click **Add**. You can enter additional times.
