Preface

About This Guide

This document explains the Unified Intelligence Center Administration console.

The Administration console, available an all deployments, is a web-based, centralized interface for setting and displaying configuration information about the cluster.

The Administration application is one of two web interfaces for Unified Intelligence Center. The other is the Unified Intelligence Center Reporting application.

Audience

This guide is prepared for Super Users who sign in to the Administration interface to administer, provision, monitor, and troubleshoot the Unified Intelligence Center.
