Configure Policies

Cisco WebEx provides a Policy Editor to define and apply policies to groups. You can enable and disable features for groups of users or to all the users in your Cisco WebEx organization.

Procedure

	Command or Action	Purpose
Step 1	Configure Policies for your Cisco WebEx organization.	For more information, see the <i>Policy Editor</i> section of the <i>Cisco WebEx Messenger Administration Guide</i> .
Step 2	Assign users to policy groups.	For more information, see the <i>Policy Group Users</i> section of the <i>Cisco WebEx Messenger Administration Guide</i> .
