About Users

Think of users as accounts that you can use as organizational units for links. There is no association between a user and a link at which they can be reached.

All users are administrators.

Create User

I

Procedure

- Step 1 From Cisco Jabber Guest Administration, click Users.
- Step 2 Click New.
- Step 3 For Alias, enter the appropriate user name. User aliases must be unique across all users.
- Step 4 For First name, enter the given name of the user.
- **Step 5** For Last name, enter the surname of the user.
- **Step 6** For **Display name**, enter the publicly displayed name of the user.
- Step 7 For Password, enter a default password for the user.
- Step 8 For Confirm password, confirm the password.
- Step 9 Click Create.

1

Update User

Procedure

Step 1	From Cisco Jabber Guest Administration, click Users.
Step 2	Click the user name of the user that you want to update.
Step 3	For a new user, enter the information in the appropriate fields, and then click Update.
Step 4	For an existing user, update the appropriate fields, and then click Update.
Step 5	To remove the user from the database, click Delete .

Set User Password

Procedure

Step 1	From Cisco Jabber Guest Administration, click Users.
Step 2	Click the user name of the user for whom you want to set a password.
Step 3	Click Password.
Step 4	Check Must change.
Step 5	Enter a default password for the user.
Step 6	Confirm the password.
Step 7	Click Update.

Unlock User Account

Complete this task to unlock a locked account, or provide users with a temporary password.

Procedure

- Step 1 From Cisco Jabber Guest Administration, click Users.
- **Step 2** Click the user name of the user whose password you want to unlock.
- Step 3 Click Password.
- Step 4 Click Unlock.
- **Step 5** If the user has forgotten his or her password, do the following:

- a) Check Must change.
- b) Enter a temporary password for the user.
- c) Confirm the password.
- d) Click Update.
- e) Provide the user with the temporary password.

Delete User

I

Procedure

- Step 1 From Cisco Jabber Guest Administration, click Users.
- Step 2 Click the user name of the user to delete. You can search for a specific user.
- **Step 3** At the bottom of the **Details** page, click **Delete**.
