Build numbers

Version	Build number
Cisco Jabber Softphone for VDI Release 14.2.1 • Cisco JVDI Agent • Cisco JVDI Client	14.2.1.58150 build 308150
Cisco Jabber Softphone for VDI Release 14.2 • Cisco JVDI Agent • Cisco JVDI Client	14.2.0.58051 build 308051

New and updated features

14.2.1

VDI infrastructure builds

- Citrix Virtual Applications & Desktops 7 CR 2308

- Citrix Virtual Applications & Desktops 7 LTSR 1912 Cu8

14.2

VDI infrastructure builds

- VMware Horizon 2306 (8.10)

Thin client OS support

- Unicon eLux RP 6 2302 LTSR CU 1

Important notice about Citrix Virtual Applications & Desktops

Since Citrix Virtual Applications & Desktops 7 2109, "virtual channel allow list policy" is enabled by default. Either configure this policy for JVDI first (by adding Cisco Virtual Channel) for optimized mode to work properly or disable this policy.

```
CISCO,C:\Program Files (x86)\Cisco Systems\Vxc\hvdagent.exe
```
