Create Personal Status Messages

You can create personal status messages to replace the default messages and tell your contacts what you are doing at a glance. Cisco Jabber saves the three most recent personal status messages for each state. You can select your status messages from the drop-down list on the main window.

Procedure

- Step 1** Insert your cursor in the status message field on the main window.
 - Step 2** Enter your personal status message.
 - Step 3** Press the **Enter** key on your keyboard.
Cisco Jabber displays your personal status message.

Use Grayscale Status Icons

Grayscale status icons are monochrome and use symbols to show availability status.

The following table shows standard and grayscale status icons:

Standard Status Icon	Grayscale Status Icon	Default Availability State
		Available
		Away

Standard Status Icon	Grayscale Status Icon	Default Availability State
		Do Not Disturb
		Unavailable

To show grayscale status icons, select **View > Show status in grayscale**.
