#### Revision History

Revision Details	Release
In this release, the syntax for <b>show ip vrf</b> CLI command has been changed across all platforms.	21.20.19

### Feature Changes

The syntax for **show ip vrf** CLI command has been changed across all platforms. However, there's no change in output of the CLI commands.

In releases prior to 21.20.19:

```
show ip vrf [ vrf_name [ mpls-map-dscp-exp ] ] | { grep grep_options | more  
]
```

In 21.20.19 and 21.24 later releases:

```
show ip vrf [ name vrf_name [ mpls-map-dscp-exp ] ] | { grep grep_options  
| more }
```
