## Android and iOS Devices

### Logging Out

#### Procedure

---

**Step 1** Under **Cisco User Defined Network**, tap the logout icon at the left-most side.

You get to view the following message:

Are you sure you want to logout?

**Step 2** Tap **LOGOUT**.

**Note** If you want to login as a different user, clear the cache from the browser (Android app: Chrome browser; iOS app: Safari browser).
