

## About This Guide

---

This section describes the objectives, audience, organization, and conventions of this software command reference. It contains the following sections:

- [Document Revision History, page xv](#)
- [Objectives, page xv](#)
- [Audience, page xv](#)
- [Conventions, page xvi](#)
- [Related Documentation, page xvi](#)
- [Obtaining Documentation and Submitting a Service Request, page xvii](#)

## Document Revision History

The Document Revision History table below records technical changes to this document.

Document Number	Date	Change Summary
OL-23890-01	March 2011	Updated for Release 15.0(2)MR.
OL-23890-01	December 2010	Initial release for Release 15.0(1)MR.

## Objectives

This guide explains how to use the Command Line Interface on the Cisco MWR 2941-DC and MWR 2941-DC-A routers. Unless otherwise stated, features described in this guide apply to both the Cisco MWR 2941-DC and the Cisco MWR 2941-DC-A.

## Audience

This publication is for the person responsible for configuring the router. This guide is intended for the following audiences:

- Customers with technical networking background and experience

- System administrators who are familiar with the fundamentals of router-based internetworking, but who may not be familiar with Cisco IOS software
- System administrators who are responsible for installing and configuring internetworking equipment, and who are familiar with Cisco IOS software

## Conventions

This publication uses the following conventions to convey instructions and information.

Convention	Description
<b>boldface font</b>	Commands and keywords.
<i>italic font</i>	Variables for which you supply values.
[ ]	Keywords or arguments that appear within square brackets are optional.
{x   y   z}	A choice of required keywords appears in braces separated by vertical bars. You must select one.
screen font	Examples of information displayed on the screen.
<b>boldface screen font</b>	Examples of information the user enters.
< >	Nonprinting characters, for example passwords, appear in angle brackets.
[ ]	Default responses to system prompts appear in square brackets.

### Note

Means *reader take note*. Notes contain helpful suggestions or references to material not covered in the manual.

### Timesaver

Means *the described action saves time*. You can save time by performing the action described in the paragraph.

### Tip

Means *the following information will help you solve a problem*. The tips information might not be troubleshooting or even an action, but could be useful information, similar to a Timesaver.

### Caution

Means *reader be careful*. In this situation, you might do something that could result in equipment damage or loss of data.
