

CPS Documentation Map, Release 18.3.0 (Restricted Release) (1)

First Published: 2018-07-20

Last Modified: 2019-03-15

Access Network Discovery and Selection Function (ANDSF)

Table 1: ANDSF Documentation Map

Information Type	Document	Description
Overview information	CPS ANDSF Configuration Guide	Provides an overview of ANDSF and use case information.
Installation procedures	CPS Installation Guide for OpenStack	Describes installation procedures for OpenStack environment.
	CPS Installation Guide for VMware	Describes installation procedures for VMware environment.
Post-installation procedures	CPS Installation Guide for VMware	Describes post-installation procedures. Refer to Adding Indexes for Geo Locations section.
Configuration procedures	CPS ANDSF Configuration Guide	Describes configuration procedures.
	CPS Mobile Configuration Guide	Describes how to configure Domains. Refer to Domains chapter.
	CPS CCI Guide for Full Privilege Administrators	Describes how to manage subscribers and subscriber data for Full Privilege administrators.
	CPS CCI Guide for View Only Administrators	Describes how to view subscriber data for View Only administrators.
Administration procedures	CPS ANDSF Configuration Guide	Describes ANDSF features and usage procedures.
	CPS Operations Guide	Describes administration procedures.
	CPS ANDSF SNMP and Alarms Guide	Presents SNMP and alarms reference information.

Information Type	Document	Description
Troubleshooting information	CPS Troubleshooting Guide	Presents troubleshooting information for known issues. Refer to Troubleshooting ANDSF chapter.
Release Notes	CPS Release Notes	Describes new and modified features and behavior changes, and lists resolved and open defects in this release.

Light Weight Replication (LWR)

Table 2: LWR Documentation Map

Information Type	Document	Description
Overview information	CPS LWR Guide	Provides an overview of LWR and use case information.
Installation procedures	CPS Installation Guide for OpenStack	Describes installation procedures for OpenStack environment.
	CPS LWR Installation Guide for OpenStack	Describes LWR-specific installation procedures for OpenStack environment.
	CPS Installation Guide for VMware	Describes installation procedures for VMware environment.
	CPS LWR Installation Guide for VMware	Describes LWR-specific installation procedures for VMware environment.
Configuration procedures	CPS LWR Guide	Describes configuration procedures.
	CPS UDC API Reference	Presents API reference information.
Administration procedures	CPS LWR Guide	Describes administration procedures.
	CPS UDC SNMP and Alarms Guide	Presents SNMP and alarm reference information.
Release Notes	CPS Release Notes	Describes new and modified features and behavior changes, and lists resolved and open defects in this release.

Mobile Orchestration Gateway (MOG)

Table 3: MOG Documentation Map

Information Type	Document	Description
Overview information	CPS MOG Guide	Provides an overview of MOG and use case information.
Installation procedures	CPS MOG Installation Guide for OpenStack	Describes installation procedures for OpenStack environment.
Post-installation procedures	CPS MOG Installation Guide for OpenStack	Describes post-installation procedures.
Configuration procedures	CPS MOG Guide	Describes configuration procedures.
Administration procedures	CPS MOG Guide	Describes administration procedures.
	CPS MOG API Reference	Presents API reference information.
	CPS MOG SNMP, Alarms, and Clearing Procedures Guide	Presents SNMP and alarm reference information, and describes clearing procedures.
Troubleshooting information	CPS MOG Troubleshooting Guide	Presents troubleshooting information for known issues.
Release Notes	CPS Release Notes	Describes new and modified features and behavior changes, and lists resolved and open defects in this release.

Policy Automation Testing System (PATS)

For PATS documentation, contact your Cisco Account Representative.

Policy Charging and Relay Function (PCRF)

Table 4: PCRF (CPS) Documentation Map

Information Type	Document	Description
Overview information	CPS Mobile Configuration Guide	Provides an overview of CPS and use case information.

Information Type	Document	Description
Installation procedures	CPS Installation Guide for OpenStack	Describes installation procedures for OpenStack environment.
	CPS Installation Guide for VMware	Describes installation procedures for VMware environment.
	CPS Migration and Upgrade Guide	Describes migration and upgrade procedures.
Post-installation procedures	CPS Installation Guide for VMware	Describes post-installation procedures.
	CPS Backup and Restore Guide	Describes backup and restore procedures.
Configuration procedures	CPS Mobile Configuration Guide	Describes how to configure CPS using Policy Builder. You can use the web-based Policy Builder interface to configure policies.
	CPS CCI Guide for Full Privilege Administrators	Describes how to manage subscribers and subscriber data for Full Privilege administrators.
	CPS CCI Guide for View Only Administrators	Describes how to view subscriber data for View Only administrators.
	CPS Central Administration Guide	Describes how to configure CPS using CPS Central. You can use CPS Central to configure Policy Builder, manage custom reference table data, and launch CPS web-based applications and utilities.
	CPS Geographic Redundancy Guide	Presents an overview of Geographic Redundancy (GR), and describes how install and configure GR.
	CPS Policy Reporting Guide	Describes how to use Policy Reporting to export subscriber records.
	CPS Unified API Reference	Presents API reference information.

Information Type	Document	Description
Administration procedures	CPS Operations Guide	Describes operations and administration procedures.
	CPS SNMP, Alarms, and Clearing Procedures Guide	Presents SNMP and alarms reference information, and describes clearing procedures.
Troubleshooting information	CPS Troubleshooting Guide	Presents troubleshooting information for known issues.
Release Notes	CPS Release Notes	Describes new and modified features and behavior changes, and lists resolved and open defects in this release.

User Data Convergence (UDC)

Table 5: UDC Documentation Map

Information Type	Document	Description
Overview information	CPS UDC Administration Guide	Provides an overview of UDC and use case information.
Installation procedures	CPS UDC Installation Guide	Describes installation procedures.
	CPS UDC Administration Guide	Describes upgrade procedures.
	CPS UDC Session Migration Guide	Describes session migration procedures.
Configuration procedures	CPS UDC Administration Guide	Describes configuration procedures.
	CPS UDC API Reference	Presents API reference information.
Administration procedures	CPS UDC Administration Guide	Describes administration procedures.
	CPS UDC SNMP and Alarms Guide	Presents SNMP and alarm reference information.
Release Notes	CPS Release Notes	Describes new and modified features and behavior changes, and lists resolved and open defects in this release.

virtual Diameter Routing Agent (vDRA)

Table 6: vDRA Documentation Map

Information Type	Document	Description
Overview information	CPS vDRA Configuration Guide	Provides an overview of vDRA and use case information.
Installation procedures	CPS Installation Guide for OpenStack	Describes installation procedures for OpenStack environment.
	CPS vDRA Installation Guide for OpenStack	Describes vDRA-specific installation procedures for OpenStack environment.
Configuration procedures	CPS vDRA Configuration Guide	Describes configuration procedures.
Administration procedures	CPS vDRA Administration Guide	Describes administration procedures.
	CPS vDRA Operations Guide	Describes administration procedures.
	CPS vDRA SNMP and Alarms Guide	Presents SNMP and alarm reference information.
Troubleshooting information	CPS vDRA Troubleshooting Guide	Describes troubleshooting information for known issues.
Release Notes	CPS Release Notes	Describes new and modified features and behavior changes, and lists resolved and open defects in this release.
