Este documento descreve o procedimento para cancelar o registro do CyberVision Center no Cisco Smart Software Manager quando o código de retorno de reserva for perdido.

Procedimento

Durante o processo de cancelamento de registro central (referência: <u>Etapas para cancelar o</u> <u>registro</u>), espera-se que o usuário copie/salve o código de retorno de reserva gerado e continue com as etapas para restaurar tokens de licença no Cisco Smart Software Manager (CSSM) usando o código gerado anteriormente (consulte a Etapa 2. em <u>Etapas para cancelar o registro</u>).

Se o usuário não tiver copiado/salvado o código de retorno de reserva gerado, use este procedimento para recuperar o código novamente.
