

Cisco Event Response: Semi-Annual Cisco IOS Software Security Advisory Bundled Publication

2011 年 9 月 28 日

シスコは半期に一度の Cisco IOS ソフトウェア セキュリティ アドバイザリ バンドル公開を 2011 年 9 月 28 日にリリースしました。お客様のフィードバックに直接対応するため、シスコは毎年 3 月と 9 月の第四水曜日に Cisco IOS ソフトウェア セキュリティ アドバイザリのバンドルをリリースしています。この公開には、Cisco IOS ソフトウェアと Cisco Unified Communications Manager の脆弱性に対処する 10 件のセキュリティ アドバイザリが含まれています。個々の脆弱性が悪用されると、コードのリモート実行またはサービス拒否 (DoS) 状態が発生するおそれがあります。

Cisco IOS ソフトウェア チェッカーを使用すれば、特定の Cisco IOS ソフトウェア リリースがシスコ製品の脆弱性に該当するかどうかをすばやく判断できます。

Cisco Security Intelligence Operations

イベント インテリジェンス

以下のテーブルに、この Cisco IOS ソフトウェア セキュリティ アドバイザリ バンドル公開に関連する Cisco Security Intelligence Operations の内容とシスコの緩和策に関する情報を示します。

Cisco Security Advisory	Cisco Applied Mitigation Bulletin	Cisco IntelliShield Alert	CVE ID	CVSS Base Score
cisco-sa-20110928-c10k Cisco 10000 Series Denial of Service Vulnerability	Refer to the Workarounds section of the associated Cisco Security Advisory	Cisco 10000 Series Router ICMP Packet Processing Denial of Service Vulnerability	CVE-2011-3270	7.8
cisco-sa-20110928-smart-install Cisco IOS Software Smart Install Remote Code Execution Vulnerability	Identifying and Mitigating Exploitation of the Cisco IOS Software Smart Install Remote Code Execution Vulnerability	Cisco IOS Software Smart Install Arbitrary Code Execution Vulnerability	CVE-2011-3271	10.0
cisco-sa-20110928-dlsw Cisco IOS Software Data-Link Switching Vulnerability	Identifying and Mitigating Exploitation of the Cisco IOS Software Data-Link Switching Vulnerability	Cisco IOS Software Data-Link Switching IP Packet Processing Denial of Service Vulnerability	CVE-2011-0945	7.8
cisco-sa-20110928-nat Cisco IOS Software Network Address Translation Vulnerabilities	Refer to the Workarounds section of the associated Cisco Security Advisory	Cisco IOS Software NetMeeting Directory LDAP Network Address Translation Processing Denial of Service Vulnerability	CVE-2011-0946	7.8
		Cisco IOS Software Session Initiation Protocol Network Address Translation Denial of Service Vulnerability	CVE-2011-3276	7.8
		Cisco IOS Software H.323 Packet Network Address Translation Denial of Service Vulnerability	CVE-2011-3277	7.8
		Cisco IOS Software Session Initiation Protocol UDP Packet Network Address Translation Denial of Service Vulnerability	CVE-2011-3278	7.8
		Cisco IOS Software MPLS Packet Network Address Translation Denial of Service Vulnerability	CVE-2011-3279	7.8
		Cisco IOS Software Session Initiation Protocol UDP Packet Network Address Translation Denial of Service Vulnerability	CVE-2011-3280	7.8
cisco-sa-20110928-ipsla Cisco IOS Software IP Service Level Agreement Vulnerability	Identifying and Mitigating Exploitation of the Multiple Vulnerabilities in Cisco IOS Software IP Service Level Agreement	Cisco IOS Software IP Service Level Agreement Memory Corruption Vulnerability	CVE-2011-3272	7.8
cisco-sa-20110928-zbfw Cisco IOS Software IPS and Zone-Based Firewall Vulnerabilities	Refer to the Workarounds section of the associated Cisco Security Advisory	Cisco IOS Software Packet Inspection Memory Leak Denial of Service Vulnerability	CVE-2011-3273	7.8
		Cisco IOS Software HTTP Packet Processing Denial of Service Vulnerability	CVE-2011-3281	7.8
cisco-sa-20110928-ipv6mpls Cisco IOS Software IPv6 over MPLS Vulnerabilities	Refer to the Workarounds section of the associated Cisco Security Advisory	Cisco IOS Software Crafted IPv6 over MPLS Denial of Service Vulnerability	CVE-2011-3274	6.1
		Cisco IOS Software ICMPv6 Packet Multiprotocol Label Switching Denial of Service Vulnerability	CVE-2011-3282	7.8
cisco-sa-20110928-sip	Identifying and Mitigating Exploitation of the Multiple Vulnerabilities in Cisco Voice	Cisco IOS Software Session Initiation Protocol Packet Processing Denial of Service	CVE-2011-0939	7.8

Cisco IOS Software Session Initiation Protocol Denial of Service Vulnerabilities	Products	Vulnerability		
		Cisco IOS Software and Cisco Unified Communications Manager Session Initiation Protocol Packet Handling Denial of Service Vulnerability	CVE-2011-2072	7.8
		Cisco IOS Software Session Initiation Protocol Memory Leak Denial of Service Vulnerability	CVE-2011-3275	7.8
cisco-sa-20110928-ipv6 Cisco IOS Software IPv6 Denial of Service Vulnerability	Refer to the Workarounds section of the associated Cisco Security Advisory	Cisco IOS Software IPv6 Packet Processing Denial of Service Vulnerability	CVE-2011-0944	7.8
cisco-sa-20110928-cucm Cisco Unified Communications Manager Session Initiation Protocol Memory Leak Vulnerability	Identifying and Mitigating Exploitation of the Multiple Vulnerabilities in Cisco Voice Products	Cisco IOS Software and Cisco Unified Communications Manager Session Initiation Protocol Packet Handling Denial of Service Vulnerability	CVE-2011-2072	7.8
