Information About AAA

Prerequisites for AAA

Remote AAA servers have the following prerequisites:

- Ensure that at least one RADIUS or TACACS+ server is IP reachable (see the “Configuring RADIUS Server Hosts” section on page 3-6 and the “Configuring TACACS+ Server Hosts” section on page 4-8).
- Ensure that the NX-OS device is configured as a client of the AAA servers.

Licensing Requirements for AAA

QA Test CSCsw88625 This description should appear before the table title in BOTH html and PDF renditions. Previously this was getting concatenated with the table title

Table 1: Table title

Product	License Requirement
NX-OS	AAA requires no license. Cisco Unified MeetingPlace Cisco Unified MeetingPlace web meeting room Any feature not included in a license package is bundled with the Cisco NX-OS system images and is Cisco Unified MeetingPlace Cisco Unified MeetingPlace web meeting room provided at no extra charge to you. For a complete explanation of the NX-OS licensing scheme, see the Cisco NX-OS Licensing Guide, Release 4.0. Cisco Unified IP Phone

Placing a Call

SUMMARY STEPS

1. QA Test Sprint 9 CSCsz92064: The choices list (with the bullets), should render before the step Example
 - This is the first choice
 - This is the second Choice

DETAILED STEPS

QA Test Sprint 9 CSCsz92064: The choices list (with the bullets), should render before the step Example

- This is the first choice
- This is the second Choice

Example:

This step example should render after the second choice.

Troubleshooting Tips

QA Test. The heading for Troubleshooting Tips should display only once in both PDF and html renditions
